

## NEW ARRESTS NEAR LOCAL CRAFT CASES

Investigation Before Grand Jury Shifts From Chinatown to West Oakland; Indictments Expected Today

Latest Testimony Concerns the Alleged "Protection" of Gamblers and White Agent Who Was Driven Away

Police graft investigation by the grand jury today shifted from the Chinatown charges to West Oakland and the examination of two witnesses whose knowledge dealt with affairs there.

Policeman Fred Burbank, who has patrolled beat in West Oakland, was in the county jail building during the morning session of the jury, and Corporal C. O. Hunt was quizzed.

A third witness, a civilian, was examined. District Attorney Ezra Decoto refused to discuss his connection with the case or reveal his name.

Dave Cockrell, indicted at the first session of the grand jury and now awaiting trial, was in the county jail building during the hearing, but did not testify before the jury. He was in Sheriff Barnett's office for a time. Decoto said that he had not been questioned with a view to any grand jury proceedings. The sheriff was not present at the time.

More indictments are expected. Hunt was mentioned in the hearing before Commissioner F. P. Morse as conversant with a number of details of raids on gambling places in West Oakland and downtown.

The West Oakland charges to be probed include accusations of "protection" for several gambling houses, and testimony of government operatives will probably be used, according to investigators for the district attorney's office.

The session was resumed this afternoon with testimony from the district attorney's office that further indictments would probably be returned this evening or tomorrow morning.

Several other witnesses had been called, including one detective who had taken depositions from a number of persons connected with the cases.

**WHITE LOTTERY MAN IS TO BE HEARD.**

The testimony of a "white lottery" operator who, according to his story to the police, was driven out of Oakland by the police, will be heard through, will also, it was hinted, be heard before the present hearing is finished. This operator has been in consultation with Decoto's investigators.

This morning's session got results, said Decoto. "But I hardly think sufficient for any indictments yet. The session, perhaps, will show more."

The grand jury reconvened at 2 o'clock with two policemen to be heard.

Decoto said that Cockrell, who was in the building, had not indicated any desire to give evidence for the state. He said that charges pending by Judge Schreiner against Captain James T. Drew were not to be considered in the present hearing.

**HEARING TESTIMONY AFTER LONG REST.**

After a long rest of the grand jury followed several weeks' recess, during which trials were set for former Chief of Police J. H. Neiderman, Dave Cockrell and Police Corporal Thomas O'Neil, indicted at the first "graft session" of the jury.

Hearings before the grand jury were temporarily suspended after the arrests of the first three men indicted while a battle was staged in the superior court before Judge James C. Quinn, first to have the indictments dismissed, then for a day in the trial. During this time District Attorney Ezra Decoto was unable to go into further probe details. The setting of the dates released him and his investigators for further work before the jury.

Captain of Inspectors Walter J. Petersen, whose charges against the former police chief and Commissioner J. F. Jackson started the probe, was in conference with the district attorney yesterday.

That certain letters agents were charged to operate in cigar stores and other public places in the hands of Decoto. The police records show only four arrests in more than a year prior to the shift in commission, according to the figures in Petersen's hands.

The letters agent says that he was driven out of Oakland because he did not "fix" a certain policeman, while the others were allowed to remain. This charge has been made in a deposition in the hands of police investigators.

**Wilson Drops His Anti-Dry Appeal**

By JOHN EDWIN NEVIN  
Correspondent of the International News Service.

PARIS, June 6.—Unless Congress intervenes war time prohibition will go into effect on the first of July.

The International News Service was authorized to state officially today that President Wilson will take no further steps to prevent the United States going dry on that date.

The President has been inundated with appeals from America to set aside the war time prohibition measure, but because of the belief that Congress will fail to act on his recommendation he has taken the stand that he is unable to do anything further in view of Attorney-General Palmer's decision.

**\$15,000,000 Indian Bill Passes Senate**

WASHINGTON, June 6.—The Senate today passed the Indian appropriation bill, carrying approximately \$15,000,000.

## 27 Indian Girls From Reservation Welcomed by Oakland Housewives

Oakland housewives are to have assistance in their work from twenty-seven Indian maids right from the reservation. Here are some of the twenty-seven who arrived at the Y. W. C. A. today. They are all provided with places.

## 3000 CONSTABLES TO CHECK RIOTS IN CANADA STRIKE

WINNIPEG, June 6.—Soldiers and strike sympathizers began a parade in the business district this afternoon in defiance of the proclamation of Mayor Gray.

The parade started in the direction of the city hall, where scores of returned soldiers were registering as special constables.

WINNIPEG, June 6.—Acting upon reports that the radical element involved in the Winnipeg general strike was threatening to launch a campaign of terrorism, the Winnipeg city government today decided to increase its special constable force to 3000 men, mostly returned soldiers. One thousand constables have been sworn in.

City officials have construed the appeal for national assistance which local strike leaders announced they sent out as an invitation for all classes of radicals to come to Winnipeg.

Returned soldiers who joined the ranks of the strikers who have been out since May 15, early today dismissed from their organization R. J. Bray, who, while acting as their representative, told Premier Norris that the strikers were "building a soviet government" and that the "whole country would soon come under soviet rule."

**PARADES AND CROWDS ON STRIKE FRONT.**

In a formal proclamation published this morning, Mayor Charles F. Gray ordered the stoppage of all parades and forbade the congregating of crowds on the city streets.

The proclamation was issued in the hope of preventing such mobs as occurred yesterday when general strike parades collided with a procession of returned soldiers opposing the strike. There were numerous fist fights and threats of a riot, which was calmed by prompt action of leaders on both sides.

**MAYOR ACCOMPANIED BY AN ARMED GUARD.**

Mayor Gray was accompanied by an armed guard today. It was hinted that there had been made against him. The mayor was instructed by provincial authorities to act for troops only as a last resort.

Twenty-five soldiers drawn up by the railway brotherhood indignation committee was again mobilized today. Its modifications are secret. Employers and government officials claim the strike cannot last much longer as strikers lack funds.

The proclamation was issued to carry it on. This was disputed by strike leaders.

**FIST FIGHTS FOLLOW IN WAKE OF STRIKERS' JEERS.**

Ten men, both sympathizers of the strikers and anti-strikers, are today in jail as a result of minor outbreaks yesterday. Longshoremen are still out, while while waiting to be sworn in as special deputies became engaged in fist fights with strikers, who jeered them as they entered the city.

Civic milk and bread depots have been opened as a result of the calling out of bread and milk wagon drivers and little inconvenience in securing food is reported.

**PHONE OPERATORS MAY JOIN VANCOUVER STRIKE.**

VANCOUVER, B. C., June 6.—Possibility of telephone operators joining the strikers and removal of union censorship of newspapers' strike news were today's features in the general strike called here in sympathy with the Winnipeg walk-out.

The Vancouver Sun, which yesterday threatened to suspend rather than submit to a censorship by typographical union members, appeared today with a story that the trouble was largely due to a misunderstanding, which has been adjusted.

The waterfront situation is unchanged. Longshoremen are still out and as fast as coast steamers come in and sea and dockhands are called out by their unions.

## Shortage in Domestic Help Is Partly Relieved

Twenty-seven young women of the Washoe Paiute tribe arrived in Oakland this morning, under the sponsorship of Mrs. Helen C. Sheahan, from the Carson Indian school at Stewart, Nev., to help local housewives solve the problem of summer help.

Every girl was placed within two hours of her arrival in a home where she will remain until September. Under the sponsorship of Mrs. Helen C. Sheahan, from the Carson Indian school at Stewart, Nev., to help local housewives solve the problem of summer help.

A group of younger girls who can give satisfaction as nurse maids will be left in Stewart through the summer unless some eager women will take them to the city.

Mrs. Sheahan has been in Oakland two weeks investigating the homes which have been opened to the Indian girls and assigning them to the places. The girls are from 13 to 20 years old. Their wages will range from \$15 to \$25 a month.

## 12 Months' Supply of Water at Navy Base

PAGO PAGO, American Samoa, June 6.—One of the events of "Flag Day" here on April 17 was the opening of the new reservoir for the island of the new station at Futu, built by Governor Foy, U. S. N., a twelve months' supply of water for the needs of the station and for warships can be maintained in reserve. Lieutenant Commander Snyder of the navy was the engineer in charge of construction.

## British Syndicate is Denied Marine Stock

NEW YORK, June 6.—Directors of the American International Corporation, a large stockholder in the International Mercantile Marine Company, announced today that they had instructed their executive officers to vote against the proposed sale to a British syndicate of the British assets of the Mercantile Marine Company.

## Bolshevism Denied in Paris Walkout

PARIS, June 6.—The strike situation was stationary this morning. Transportation workers at meetings yesterday pledged themselves to remain out until their demands were fully satisfied and subway employees adopted resolutions expressing contempt for persons who have been inciting the Bolsheviks in the strike.

## Earth Tremor Shakes Seattle Buildings

SEATTLE, Wash., June 6.—What seemingly was a local earth disturbance gave buildings in Seattle a slight shaking up about 10:20 o'clock last night, the disturbance being also felt as far as North Bend, Wash., about 45 miles from here. The University of Washington seismograph did not record the disturbance.

## Tidal Waves Drive Natives Into Hills

PAGO PAGO, American Samoa, June 6.—As the result of a powerful earthquake shock at 8 o'clock on the evening of April 27, a great tidal wave entered the head of Pago Pago harbor, forcing natives to take refuge on higher ground. Following this there was a succession of tidal waves lasting for approximately four hours. No serious damage was done.

## CARLTON SAYS WIRE WALKOUT 'FLAT FAILURE'

NEW YORK, June 6.—Newcomb Carlton, president of the Western Union, today declared the strike of telegraph operators in the southeastern states was a "flat failure."

"Not a man who leaves the Western Union in this attempt to embarrass the company will ever be permitted to return," Carlton said.

"The strike is a flat failure. We have not felt the effects of the walk-out. We will control the situation and deliver our business."

## WIRE CONTROL, Koenigk Says, 'Was Made Necessary by the Western Union Refusing to Reinstatement'

WASHINGTON, June 6.—President S. J. Koenigk of the Commercial Telegraphers' Union of America today declared Postmaster-General Burleson's order restoring to the wire companies the control of the wire companies was "made necessary by the Western Union refusing to reinstate unjustly discharged employees and by the refusal of the Western Union to accept the terms of the settlement."

## ATLANTA, Ga., June 6.—The Fifth day of the strike against the Southern Bell Telephone Company broke today with almost every Western Union wire in the southeastern states, and a sympathetic strike of commercial telegraphers from Richmond to Tampa and from the Mississippi river to the Atlantic coast.

At the same time they presented Lansing with a list of thousands of requests for conditions in Ireland as they found them during their recent visit. They told Secretary Lansing that they are sending copies of this report to President Wilson, Premier Lloyd George and to Congress.

## 25 Per Cent Cut in Army Appropriation

WASHINGTON, June 6.—House and Senate leaders and members of the military committee today agreed upon a reduction of about 25 per cent in the war department estimates for the next fiscal year.

## Johnson "Boom" to Be Launched in S. F.

LEASING INTERNATIONAL NEWS SERVICE SAN FRANCISCO, June 6.—The candidacy of United States Senator Hiram W. Johnson for President of the United States will be launched here June 14.

## Former Governor in Mexico is Killed

MEXICO CITY, June 6.—(By The Associated Press)—Jose Inez Davila, former federal governor, was killed in battle in the State of Oaxaca, after having been in revolt against the government for more than four years. Davila, at one time was governor of the State of Oaxaca.

## BURLESON IS ATTACKED FOR WIRE RELEASE

Postmaster-General is Accused of Trying to Evade Responsibility for the Nation-wide Strike by the Telegraphers

Burleson Declares His Order Was Misunderstood and Only Intended to Pave the Way for Readjustment.

WASHINGTON, June 6.—Postmaster-General Burleson's order abolishing the wire control board in New York and restoring the operation of the telephone and telegraph properties to officials of the companies, acting as agents of the government, was attacked today by members of Congress, some of whom charged that Burleson had "passed the buck" because of the threat of a nationwide strike by members of the Commercial Telegraphers' Union of America.

Congress will go ahead and press early passage of its resolution providing for return of the telegraph and telephone properties to their original ownership, according to the outlook.

## BURLESON SAYS ORDER HAS BEEN MISUNDERSTOOD

The Senate investigation committee today said that Burleson's order constitutes a release of some responsibility, but not actual control in connection with the properties. Burleson himself, in a letter to the committee today, expressed a desire to correct any impression that he had turned back anything but control of operation.

So, after adopting an amendment to continue existing rates for thirty days instead of sixty, as provided in the original resolution, the committee decided to stand pat on the Kellogg wire return measure as submitted to the Senate.

## SENATE DEMANDS IRISH ENVOYS BE HEARD AT PARIS

WASHINGTON, June 6.—Senator Borah's resolution asking the American peace delegates at Paris to secure a hearing before the peace conference for the Irish envoys, introduced by Edward D. Walker, provisional president of the Irish republic, was adopted today by the Senate, 60 to 1. Senator Williams, Democrat of Mississippi, cast the negative vote.

## JOHN T. PARKINSON International News Service Staff Correspondent

PARIS, June 6.—Frank P. Walsh and ex-Governor Dunne of Illinois, representing the Irish-American societies, called upon Secretary of State Lansing this morning and demanded a hearing before the peace conference for the Irish envoys.

## 25 Per Cent Cut in Army Appropriation

WASHINGTON, June 6.—House and Senate leaders and members of the military committee today agreed upon a reduction of about 25 per cent in the war department estimates for the next fiscal year.

MEXICO CITY, June 6.—(By The Associated Press)—Jose Inez Davila, former federal governor, was killed in battle in the State of Oaxaca, after having been in revolt against the government for more than four years. Davila, at one time was governor of the State of Oaxaca.

## CALIFORNIANS, EXPLORERS, LOST IN STORM

Trojan Helpless in High Seas May 15 Has Not Been Seen Since and Fears Are Felt That All Aboard Perished

San Diego, June 6.—Los Angeles and Northern California scientists, members of an exploring party, are believed to have lost their lives in a big storm off the Lower California coast on May 15, during which, it is believed, their yawl-rigged boat, Trojan, foundered in the heavy seas.

## NEWS OF WRECK IS BROUGHT NORTH

Henry R. Crane and C. O. Little, two members of the party, arrived here today from Ensenada aboard the motor ship Grimes, bringing news of the possible loss of the party of scientists. According to the story told by Crane and Little, the Trojan was fitted up for exploration work by Los Angeles and Northern California scientists and sailed south from San Diego on April 1.

On the morning of May 15, they say, the Trojan stopped at Santa Catarina, Lower California, when Crane and Little were landed for the purpose of procuring supplies.

## TROJAN CARRIED OUT BY STORM

In the afternoon, while they were still ashore, a heavy storm suddenly sprang up, tearing the Trojan from her moorings and bearing her out to sea.

Crane and Little report that when they last saw the Trojan she was helpless in the grip of the storm and apparently laboring heavily. As soon as the news of the missing Trojan was reported at Ensenada, the boat Alliance was sent out in search of the missing craft, but thus far it is said no trace of the Trojan has been found.

## CONFESSES TONG MURDER WHEN GIRL ACCUSES

RAYMOND MONROE, one of the principal witnesses for the state in the recent murder trial of Mok Yee Wah, charged with a long murder occurring two years ago at Pleasanton, confessed to Deputy District Attorney Frank Shay and Detective Joe Seares that he is guilty as charged by 14-year-old Adelaide Pazo, of Pleasanton, mother of a four-week-old baby.

## 25 Per Cent Cut in Army Appropriation

WASHINGTON, June 6.—House and Senate leaders and members of the military committee today agreed upon a reduction of about 25 per cent in the war department estimates for the next fiscal year.

## "Kissless Bride's" Runaway Wedding To Be Annulled

NEW YORK, June 6.—The secret romance of pretty young Virginia Blair Reeves Warner, Philadelphia society bud, and Henry H. Warner, young inspector at the Hog Island shipyard, came to an end today when a referee recommended the annulment of the marriage of the inspector and his "kissless bride."

Mrs. Warner is the stepdaughter of Commander Archibald G. Parsons of the Philadelphia navy yard. She made her debut in 1916 after graduating from a fashionable girls' school. On June 15, 1917, she married Mr. Warner with a copy of the German peace treaty, was adopted today by the Senate without a roll call, with further debate, and with only one of her marriage and when Warner met her later at her parents' home in Washington he did not even kiss her for fear his mother would suspect that they were in love.

It was after Warner's declaration that he "piled married people" and that he "did not care any more" that the "kissless bride" told her parents of the secret marriage, she said. They brought the annulment proceedings.

## SENATE REQUESTS THE STATE DEPARTMENT TO FURNISH COPY OF DOCUMENT WITH OUT DELAY; RUSH RESOLUTION

WASHINGTON, June 6.—The resolution of Senator Johnson, Republican of California, requesting the State Department to furnish the Senate with a copy of the German peace treaty, was adopted today by the Senate without a roll call, with further debate, and with only one of her marriage and when Warner met her later at her parents' home in Washington he did not even kiss her for fear his mother would suspect that they were in love.

## "PRETTY FACES" TO LURE MONEY ROUSES PROTEST

Commercializing young and pretty girls in public campaigns for the raising of funds on behalf of charitable and philanthropic institutions will be prohibited in the future if the resolution adopted by a group of twenty women's organization leaders yesterday is put into practice.

The meeting was called in the City Hall by Miss Ethel Moore and followed the precedent set by the large cities throughout the United States.

## SENATE DEMANDS IRISH ENVOYS BE HEARD AT PARIS

WASHINGTON, June 6.—Senator Borah's resolution asking the American peace delegates at Paris to secure a hearing before the peace conference for the Irish envoys, introduced by Edward D. ## Six Blown to Bits in Texas Explosion

FORT WORTH, Texas, June 6.—Three men, the driver and two passengers on a wagon carrying nitroglycerin to the oil fields near Aledo, Texas, were blown to bits today when the nitro-glycerin exploded. The town of Aledo was damaged by the explosion, the force of which was felt for ten miles.

## Americans Refuse to Aid Separation

PARIS, June 6.—American forces at Coblenz, it became known here today, have refused to display posters advertising the Rhineland Republic sent them by French officers. The Americans received a bundle of the posters from the French.

# BURLESON'S WIRE ORDER IS PUZZLING

That Postmaster General Burleson's order restoring private operation of the telephone, telegraph and cable systems either is illegal, or the exact intent of Burleson has not been made public, is the opinion expressed today by H. D. Pillsbury, vice-president and general attorney for the Pacific Telephone and Telegraph Company. In discussing the situation Pillsbury emphasized the fact that he spoke as an attorney and not as an official of the company. Pillsbury said: "Postmaster General Burleson has not the authority to return the wires to their owners. President Wilson being the only one to my mind who has such authority, or could do so legally."

"I believe that he has merely eliminated the operating board of four men who directed the various companies under his orders, and that we are in the same position as we were last August when Burleson took the lines over on the President's proclamation and before this operating board was appointed."

"STEP TOWARD SURRENDER."

"I believe however, that this is the first step toward the final surrender of the companies by the government. We are still required to segregate the revenues, but the operation is now entirely in the hands of the original owners. Until the full text of his orders has been received here it will be impossible to state intelligently just what has been done."

The same view was taken by a

# BATHING SUITS TOO DARING FOR AGED INVALIDS

LONDON, June 6.—The "modern Eves" are driving away large numbers of elderly men and women with old-fashioned views from Brighton, England's most popular summer resort. Some of the bathing suits worn by women at Brighton leave nearly the whole body exposed. The Brighton correspondent of the Weekly Dispatch tells of seeing three elderly invalids order their servants to wheel them away because of the daring bathing suits worn by three women nearby.

number of other counsel, it being the general conclusion that Burleson's action was illegal and did not change the present status of the companies under federal control or give the railroad commission the power to change the Burleson schedule of rates to those which existed July 18, 1918.

# EXPECT RATE PLEAS.

The members of the Railroad Commission refused to comment on the Burleson action as they expect shortly after the actual and legal return of the wires in California to private ownership a flood of applications for increases from the original schedules which existed prior to the Burleson action. It is believed, however, that in considering these the period of government control will be ignored. Consideration will be given at the hearing only to the shorthands made for additional expenditures, increased maintenance charges since last July.

When the United States Supreme Court upholds the increased rates placed in effect by the commission, it would continue to make the survey begun when the telephone company made application for permission to make an increase. The commission contended that it had jurisdiction in interstate rates, despite government control of the lines.

# OFFICIALS DIFFER ON WIRE STRIKE

(Continued From Page 1)

messages were received announcing complete walkouts and the closing of offices.

The strikebreakers' "special" from New York, which came in over the Southern Railway last evening, was met and stopped at Chambers by Western Union officials with autos to drive them into the city. On account of the large crowds gathered, both at Brookwood station and the terminal station, awaiting their arrival, it was found advisable to remove them from the train before reaching Atlanta.

# Movies Sans Vamps, Kisses, Crime Coming

SACRAMENTO, June 6.—Rev. Paul Smith's latest reform campaign—vampires, kisses, crimeless movies—came a step nearer to reality today when the state corporation department granted the Science Film Company authority to sell 4000 shares of stock.

Smith, who was active in an anti-vampire crusade in San Francisco a few years ago, plans to erect a studio in San Francisco and film pictures for church and school use.

# Big Textile Stock to Be Sold by U. S.

WASHINGTON, June 6.—More than 5,000,000 yards of textile will be sold by the war department through sealed bids on June 15. The material ranges from a remnant of 5 1/4 yards of black Albert (will) to 200,000 yards of blue and white ticking, and includes cotton shirtings, sheetings, salens, molar serge, moleskin, gray duck, outing flannel and brown denim.

# BURLESON'S WIRE MOTIVE ATTACKED

(Continued From Page 1)

by the regular operating officials under government supervision.

"Responsibility of the government to these systems in nowise ceases."

"It being evident that these properties are to be returned to the near future, it was necessary for the postmaster-general to take steps immediately to set up the regular operating organization of the companies, so that when the properties are turned back it can be done without confusion or interruption to the service."

# BURLESON'S MOTIVE ATTACKED

(Continued From Page 1)

The Senate interstate commerce committee today continued hearings on the repeal measures with N. C. Kingsbury, vice-president of the American Telegraph and Telephone Company, as a witness.

BURLESON'S MOTIVE ATTACKED

Burleson still controls telegraph and telephone wires; that his order restoring control to the owners was "a flim-flam" and designed to "pass the buck on the wire strike," were thoughts advanced before the Senate committee.

Kingsbury declared Burleson's order of late yesterday "wiped out the operating board only and allowed the companies to take charge of actual operations."

But the postmaster-general, he said, "still holds control over the wires with the wire control board, of which he is chairman."

"Then his order was simply a piece of 'flim-flam,'" said Senator Kellogg, chairman of the committee. "It doesn't amount to anything."

"Wasn't its purpose, perhaps, to pass the buck on the strike?" asked Senator Watson.

Kingsbury asserted there had been an error in the official statement issued last night by the postoffice department.

"The publicity bureau in its heading written over the text of Mr. Burleson's order was unfortunately misleading," Kingsbury declared. "It stated that the telegraph and telephone wires were being returned to their respective owners by Burleson. The publicity department tried to recall this heading, but apparently it was too late, as the statement already had been sent out."

Senator Kellogg began by asking Kingsbury if the order meant relinquishment of federal control.

"No," answered Kingsbury. "KEEPS CONTROL, BUT EVADERS RESPONSIBILITY."

Then Burleson turned back the responsibility and kept the control? Kellogg observed.

The order merely means that the companies will now operate their own wires for the postmaster-general, Kingsbury explained. "We will still have to report to the wire control board."

"The authority of the operating board is now transferred to the postmaster-general," Senator Fernald of Maine suggested.

"Exactly," answered Kingsbury. "Burleson still has the same powers over the companies as he had before," asked Kellogg.

RATE AND WAGE CONTROL SUBJECT TO BURLESON

"Yes," replied Kingsbury. "I think that is a little unfair. We are now controlling matters of rates and wages ourselves, but, of course, it is all subject to the consent of the wire control board which is headed by Mr. Burleson himself."

Kingsbury advocated immediate passage of a bill by Congress which would return the wires on June 20 and maintain the rates fixed by the postmaster-general until advised.

CONTINUATION OF RATES DEMANDS LEGISLATION

That the order does not remove need for some legislation, both Senator Cummins and Representative Esch, chairman of the Senate and House interstate commerce committees, agreed.

Cummins said the continuation of rates fixed under government control seemed to him the principal matter needing congressional action.

According to testimony of Newcomb Carlton, Western Union president, before House and Senate committees, the transition back to private control will mean absolutely no change, so far as the public will be aware, in the conduct of the business. Carlton said he had been permitted to run the business just as before the war.

CHARGES BURLESON IS GETTING OUT FROM UNDER

Representative Esch, chairman of the House committee on interstate and foreign commerce, announcing his committee would meet today to consider the needs of the situation, hinted that Burleson appeared to be trying to "get out from under."

The postoffice department, under terms of Burleson's order, retains a measure of control of the services, pending final legislative action by Congress.

Regulations prohibiting discrimination against wire employees because of union affiliations, maintaining existing rates and charges and instructing companies to keep special accounts to facilitate cost settlement between themselves and the government are retained in effect under the order issued by the postmaster-general.

# To Lecture on Jews' Contribution to Art

The regular Saturday afternoon lecture at Paul Elder's this week will be delivered by Rev. Dr. Martin A. Meyer, rabbi of Congregation Emanu-El. The subject will be "Some Modern Jewish Poets," being a consideration of the contribution of the Jew to modern poetry. The lecture will start promptly at 2:30 o'clock. The public is invited without admission charge.

# Physicians Are Cited to Defend Licenses

SACRAMENTO, June 6.—Fourteen physicians have been cited to appear before the State Board of Medical Examiners at its meeting in San Francisco on June 21 to show cause why their licenses should not be revoked for alleged unprofessional conduct. Dr. Charles B. Pinkham, secretary of the board, announced today.

Among the physicians ordered to appear are:

Dr. William S. Card, now serving a sentence in the State penitentiary; Dr. Allen R. Hitchcock, Dr. George W. McDonald, Dr. Franklin R. Duncan and Dr. Henry Ryberg.

# Ludendorff Heads Move Against Poles

BERLIN, June 4 (via London, June 6).—General Ludendorff, former chief of staff to Von Hindenburg, is believed to be responsible for the military measures that are being taken for armed resistance in the east. There is evidence that troops are being transported daily into the eastern provinces to combat the Poles and belief is certain that a conflict is sure to arise.

# PLANS RECEIVED FOR PROPOSED \$160,000 HALL

SAN JOSE, June 6.—Plans and specifications for the \$160,000 hall which the state will construct on the campus at the State Normal School here were received at the Builders' Exchange today. Bids will be received up to June 26 when the contract will be awarded. The new hall will be erected close to the main building and will be of the same style of architecture, and 165 feet long and 160 feet wide.

# Witness Tells of "Slush Fund" Work

LOS ANGELES, June 6.—George Brown, indicted at the same time as George Henderson, but granted immunity in return for testifying for the prosecution, was the chief witness at the afternoon session of the trial of Henderson on a charge of offering Mayor W. P. Woodman \$2500, for which, it is alleged, he expected to receive protection for gambling games he is said to have operated.

Brown told of his relations with Henderson and the alleged plan of raising approximately \$2500 a month from gamblers and diskeepers to be placed to the credit of the campaign fund.

# American Soldiers Fight Antwerp Police

BRUSSELS, June 6.—American soldiers and the police at Antwerp clashed Wednesday night. Three policemen and two civilians were wounded by shots. Three American soldiers, one of whom was wounded, were arrested.

# The Whisper That Comes in the Night

The Glorious Knowledge Women Gain When a Wonderful Thought Steals Over Them.

Happens in its most thrilling degree comes to woman with the thought of possessing a baby.

Every woman in the joy of coming motherhood should prepare her system for the unusual strain. Three generations have found the tried and true preparation, Mother's Friend, of the greatest help at such a time, by its daily use throughout the period, the skin of the abdomen is made soft and elastic, expanding muscles relax easily when baby arrives, and pain at the crisis is in this way avoided.

The inflammation of breast glands is soothed.

Obtain from your druggist, by all means, this great preparation when science has offered for so many years to expectant mothers.

Write the Bradford Regulator Company, Dept. D, Lamar Building, Atlanta, Georgia, for their helpful and interesting Motherhood Book, and begin the use of Mother's Friend. It is for external use, is absolutely safe and wonderfully effective.

And remember, there is nothing to take the place of MOTHER'S FRIEND.

—Advertisement—

# Baby's Nursery

can be kept bright and clean much easier if walls and woodwork are coated with B-H Satin Egg Shell Finish. More sanitary too, for there will be no dust, nor germ-laden cracks to store up their hidden dangers. B-H Satin Egg Shell Finish—any one of twelve shades—makes a durable, smooth and slightly glossy finish. Can be washed with soap and water and will not crack.

B-H Complete products comprise a complete line of painting preparations—one for every use. They are of the highest grade and manufactured to meet Pacific Coast conditions.

## "RED" LEADER OF BAVARIANS IS EXECUTED

GENEVA, June 6.—Herr Levine, leader of the Bavarian Bolsheviks, has been executed, following his trial by court-martial at Munich, said a dispatch from the Bavarian capital today. Levine was head and front of the recent Red counter-revolution at Munich.

The radical Berlin newspaper Freiheit threatened a general strike at Munich, Nuremberg and Leipzig if the death sentence was carried out, and the Berlin socialist organ, Vorwaerts, views the situation as being most critical.

There is considerable excitement over the next move of Herr Noske, minister of public defense.

COPENHAGEN, June 6.—Part of the Bulgarian army has been mobilized and is marching on Serbia, according to a dispatch put out by the Balkan Telegraph Agency today.

LONDON, June 6.—A news agency dispatch from Stockholm today reported that a Russian submarine was captured Sunday when four Russian and two British warships clashed in the Gulf of Finland. The following day the dispatch said, six Russian warships fled after half an hour's encounter with British naval forces.

The Bolsheviks have recaptured Sarapul, on the Kama river, south-west of Perm, which was one of the important towns taken by Admiral Kolchak's forces in their spring advance, a Bolshevik wireless message claims. The dispatch also asserts that the Bolsheviks are continuing to advance in this region.

UKRAINE AT LAMIE.

COPENHAGEN, June 6.—The whole of Ukraine is aflame with revolt according to information received here today. There has been deep unrest in Ukraine for some time. It was intensified after the Bolsheviks invaded the country, defeating the Ukrainians in a series of battles. A Ukrainian delegation has arrived at Lemberg to negotiate an armistice with the Poles. It was reported from that city today.

The conflict between the Poles and Ukrainians has been a source of considerable anxiety to the peace delegates in Paris. The Poles were asked to cease hostilities, but instead of doing so, continued their offensive against the Ukrainians with successful results. There has been bitter fighting around Lemberg, Galicia, between the Ukrainians and Poles for possession of the city.

HUNGARIAN BOLSHEVISM.

STOCKHOLM, June 6.—German forces on the Eastern front are said to be aiding the Bolsheviks in their drive on the Poles.

## Pierce-Arrow

The Pierce-Arrow does everything better, with less effort, less attention, less thinking. It starts more quickly, it accelerates in less time, gets more speed and more kinds of speed out of the same high gear, is more silent, consumes less gasoline, without detracting from or altering its elegance, its graceful proportions, its physical comfort, or its safe dependability. These words are not strong when read in connection with the Pierce-Arrow performance.

## Mark Requa Home; Sees New Era Competition Doomed, Is Prediction

Imbued with the necessity of as wide development as possible of the oil resources of the country, especially of California, Mark L. Requa returned last evening to Oakland from Washington, D. C., where he has been chief of the oil division of the United States fuel administration.

Requa's return to Oakland puts at rest the rumors that he had decided to accept an important position which had been tendered him in Oklahoma. This offer was made some time ago. But Requa declares his interests here were quite sufficient to bring him back home.

At the beginning of the war Requa was taken East to Washington as one of the nation's dollar-a-year men, and served as a while as an aide to Herbert Hoover in the food administration. His superior knowledge in regard to the petroleum industry, especially his coming from a state where petroleum production was a chief industry, led to his being taken over soon afterward into the fuel administration. From this position, which he recently resigned, he brought back to California with him the commendation of the men with whom he was associated.

TO EXTEND BUSINESS.

Requa has become associated with the Sinclair Oil interests and announces the placing of contracts for modern oil tankers to be built for this company in the Pacific Coast ports of California. The new ships will be the competition of the Eastern yards.

Requa, who had complete supervision of the oil industry in the United States during the war through which the pooled interests of the oil industry supplied 90 per cent of the petroleum products used by the allies, was to him that Marshal Foch cabled that "any interruption of the supply of petroleum products would necessitate change in the campaign and any long continued interruption might result in disaster." Speaking of the National Petroleum War Service committee, by whom co-operation with him this result was attained, Requa said:

"The co-operation of interests was magnificent. Co-operation by patriotism, until a new atmosphere had been created in the oil industry. I believe that the spirit of co-operation manifested during the war will replace the old spirit of competition with all of the suspicion that went with it. The Eastern business world is discussing the lesson of co-operation learned during the war to the exclusion of every other topic."

That this will be continued and that a sympathetic and harmonious understanding between labor, capital and the government will be brought about was his belief.

Dr. H. A. Garfield, federal fuel administrator, has been very active in promoting this relationship, said Requa, "and it is not too much to expect."

an official statement issued at the Esthonia headquarters. The statement reads:

"There was violent fighting on the Gatchina front throughout Tuesday and the 30 men were very active in the German landwehr, instead of pushing the enemy back from Riga, as trying by all means to advance to our line."

PARIS, June 6.—(Havas).—M. Poska, foreign minister of Esthonia, arrived in Paris today to ask the great powers to aid the small Esthonian army which is fighting the Bolsheviks southwest of Petrograd. He will confer with the council of four.

LAUSANNE, Switzerland, June 6.—The general council of the Macedonian Societies in Switzerland has sent a cablegram to the United States Senate, repeating an appeal already made to President Wilson and the peace conference to "rescue the Macedonian people from misery by establishing an independent Macedonia under the direct protection of the great American Democracy."

Big British Balloon to Fly Over Ocean

LONDON, June 6.—The great British dirigible balloon, R-34, is expected to leave on her trans-Atlantic flight next week, arriving in Atlantic City on or about June 14, the Star City edition today. Final preparations are being made for the flight at North Berwick, Scotland.

Called From Insane Ward for Witness

OKANOGAN, Wash., June 6.—The trial of Douglas Storr, who is charged with unlawful relations with Ruth Garrison, the 13-year-old girl who posed Mrs. Storr in Seattle March 18, has begun in the superior court here.

Ruth Garrison was brought here yesterday from Walla Walla prison insane ward. She has been summoned to testify for both defense and state.

## WILSON SAYS TREATY BACKS HIS 14 POINTS

PARIS, June 6.—(Havas).—"I am convinced that our treaty project violates none of my principles," President Wilson is quoted by the Matin as having said when he was made acquainted with the German counter-proposals to the peace treaty. "I would not hesitate to confess it and would endeavor to correct the error. The treaty as drawn up, however, entirely conforms with my fourteen points."

It is probable that the allied and associated powers will comply with the German demand to state approximately the maximum sum which Germany must pay in reparations under the peace treaty, according to the Matin. This sum, it states, will be from 200,000,000,000 to 250,000,000,000 francs. (The larger sum named, on a gold valuation, would be not far from \$50,000,000,000.)

The south Slav delegation here handed to President Wilson yesterday a note regarding the Fiume affair, according to the Petit Parisien.

By ASSOCIATED PRESS LEADS WIRE TO TRIBUNE

PARIS, June 6.—When the council of four met this morning Premier Orlando of Italy was absent. This led to the belief that the Adriatic question was again under consideration. It is understood that no further progress has been made by the various elements working on the solution of this problem.

By FRED S. FERGUSON, United Press Staff Correspondent.

PARIS, June 6.—British and French delegates, through American intermediaries, were reported today to be approaching an agreement on the degree of modification of the German peace treaty. It was understood that the changes in the terms probably will result in some concessions by both groups, the French receding from their previous stand of opposing all modifications, with the British agreeing to abandon most of the alterations recently advocated by them.

The reply to the German counter-proposals, which will embody the proposed modifications, is expected to be ready for presentation early next week.

Meanwhile the "Big Four" continued refusal to publish the text of the original treaty is resulting in embarrassment to the American commissioners as the result of charges by Senators Lodge and Borah that copies are in possession of certain private interests in New York. This embarrassment is increased by the fact that it is reported that copies in German, French and English are available at news stands in Germany, Switzerland, Holland and in other neutral countries. There is understood to be a strong feeling among some members of the commission that the text should be made immediately available to the American people.

More Men Arrive for Demobilization

Twenty-five men from Camp Lewis reached the Oakland mole at 8:30 a. m. today, but did not stop for breakfast at the Red Cross, held at the mole, proceeding at once on their way to the demobilization camp at the Presidio in San Francisco.

Sixty men from Camp Upton and six men from Camp Newfort News arrived at the mole at 2 o'clock, this afternoon and were given a luncheon by the Red Cross hot workers prior to continuing their journey to the Presidio.

New Trial Granted by Confessed Error

SAN FRANCISCO, June 6.—A confession of error was made by U. S. Attorney Annette A. Adams in the case of W. H. Kaufman, sentenced to a five-year term and a fine of \$10,000 by Federal Judge Cushman following his conviction at Olympia, Washington, of a violation of the espionage act.

This action, which was taken before the Circuit Court of Appeals by Mrs. Adams on the order of the solicitor general of the department of justice, remands the case to Washington for retrial.

Called From Insane Ward for Witness

OKANOGAN, Wash., June 6.—The trial of Douglas Storr, who is charged with unlawful relations with Ruth Garrison, the 13-year-old girl who posed Mrs. Storr in Seattle March 18, has begun in the superior court here.

Ruth Garrison was brought here yesterday from Walla Walla prison insane ward. She has been summoned to testify for both defense and state.

## PREMIER POSTS A FLAT DENIAL OF "WOBBLING"

LONDON, June 6.—In an effort to allay perturbation of the public, parliament and press regarding reports he is "wobbling" over concessions to Germany, Premier Lloyd George has taken the unusual step of posting a flat denial in the fifth by of the House of Commons.

The Northcliffe press is leading a bitter attack on the premier.

"Since possibly this is the only sentiment to which he is obedient," said the Mail, "the premier is weakening and wobbling in the face of the foe."

## MRS. FORD WINS CLAREMONT PLAY

Mrs. C. E. Ford of Claremont, woman golf champion of Northern California, won the invitation tournament of the Claremont Country Club this morning by defeating Mrs. Thomas F. Baker of Menlo Park, three up and two to play.

Mrs. Ford's victory was conceded by a majority of those who watched the preliminary rounds, but Mrs. Baker made a surprisingly good showing, especially in the early part of the match.

Mrs. Ford took the first two holes and played beautiful golf until she missed a ten-foot putt on the third green. This seemed to upset the Menlo Park player as she made easy shots on the fifth and sixth greens.

Putts that she ordinarily would have had no trouble in making in one, required two shots and it was easily seen that she was nervous.

Her driving was almost perfect and her approach and putting were extremely accurate.

A big gallery of golf fans followed the play over the course. Mrs. Ford went around in 55 and Mrs. Baker in 58.

## New Trial Refused in Pantokey Case

Mrs. Addine Pantokey, wife of Jake Pantokey, proprietor of the Tenth street free market, was refused her motion for a new trial of her suit for separate maintenance today by Judge Joseph S. Koford.

Mrs. Pantokey, through her attorney, C. E. Snook, made an offer to return to her husband's house and live with him as his wife. The offer is declined by Pantokey.

The suit for separate maintenance was decided against Mrs. Pantokey on the grounds that she had deserted her husband without cause. She contends that the trial court had no right to make such a finding, and an appeal will be taken to the Supreme Court.

STOLE TOYS, CHARGE.

Thomas Muir, 12 years old; Bernice St. Clair, 13, both of 1330 Eighth avenue, and Edmund Davis, 18 years old, 1019 Eighth avenue, are held in detention at the detention home, awaiting action by the juvenile court, after having been arrested by Inspectors of the Police and Frank Kells on a charge of shoplifting. According to the detectives the children were followed through several stores, where the police say they stole small toys.

## REHEARSE FOR SONGFEST JULY 4

Encouraging attendance marked the opening last evening of the rehearsal season for the "Welcome Home" chorus, which will have a prominent part in the local Fourth of July celebration. More than 200 persons joined the chorus at last evening's session held at the Auditorium theater and a large number of others are to join in the immediate future.

In fact, H. J. Brouwer, War Camp Community Service song leader here, believes that the Auditorium itself will have to be employed later to accommodate the chorus.

More familiar songs were chosen by Brouwer for practice last evening, and part-singing was commenced at once. The War Camp Girls will join the movement in a few weeks. Being already trained singers it is proposed to bring the volunteers nearer perfection before this group is added.

The next rehearsal is to be held Thursday night, June 21, at 8 o'clock, also at the Auditorium theater.

The chorus is to assist the civic welcome committee which will take charge of a part of the Fourth of July celebration in honor of the returned soldiers and sailors. An executive committee and advisory council, headed by Joseph J. Rosborough, has the plans for the chorus in hand.

Concert Tonight of Fruitvale Band

The Lockwood School band will give a concert in the Fruitvale Congregational Church, in Fruitvale, at 8 o'clock, Saturday night, tonight. This will perhaps be the last time the band will play before its full reorganization. A very interesting program is promised.

The following members of the band are: Mrs. Clarence K. Paige of Berkeley; and H. H. Lawrence of San Francisco; Cornetist, Earl Miller; reader, Ruth Riley.

Ruth Law to Fly Over Hawker's Route

CLEVELAND, June 6.—Ruth Law, who recently announced she would attempt a trans-Atlantic airplane flight this summer, said today that she would go over the route Harry Hawker attempted to use from New Foundland to Ireland.

Miss Law was here conferring with an airplane manufacturer regarding construction of a machine for the flight.

WOMAN FINED \$50.

Ida M. Rogers of Oakland was fined \$50 today by Federal Judge Kuchin on a plea of guilty to violating the social evil prohibition.

WHEN TOO FATIGUED TO EAT, A BISH OF BUTTER'S QUALITY ICE CREAM WILL OIL THE WHEELS OF BEAUMONT BACK TO HARMONY.—Advertisement.

a man or a woman carefully carrying a paper bag and with a happy look on his or her face, it is "dol-lars to doughnuts" that they have a bag of "superior" Doughnuts.

## Flu Romance is Followed by Wedding

RENO, Nev., June 6.—While O. H. Smart was recovering from influenza, a feat the physicians said he never would perform, he was too weak to sell harvesting machinery. But he occupied his time by falling in love with his nurse, Miss Marjorie Jackson, to whom he was married yesterday. When he was ill doctors said Smart could not recover. Miss Jackson believed she could pull him through, and she did.

## Waterhouse Resigns From Marysville Paper

MARYSVILLE, June 6.—A. J. Waterhouse, managing editor of the Marysville Evening Democrat, formerly editorial writer of the San Francisco Chronicle, the old Morning Call, Fresno Republican and other newspapers of the Pacific Coast, resigned his position here today, to take effect June 14. Waterhouse has been engaged as an editorial writer of the Sacramento Union, which recently changed ownership. He has been connected with the Democrat for the last three years.

### City Attorney Not Safe From Thieves

H. L. Hagan, city attorney, is minus his "French Lizzie." Hagan's automobile, a certain well-known make with a very ornate body of the French style, was stolen from in front of a local theater, according to his report to the police. Inspector William Smith is on the trail of the missing machine.

### Greeks Occupy Two Asia Minor Towns

SALONIKI, June 6.—Greek forces yesterday occupied the towns of Aivali and Rhirra, on the gulf of Adramyti, on the west coast of Asia Minor, about sixty-five miles north of Smyrna, according to an official statement issued at Greek headquarters. A Turkish detachment made an attack on the Greeks at Aivali but was repulsed.

### Park Boulevard Club Favors City Bathhouse

By GEORGIA G. BORDWELL.

The Park Boulevard Woman's Club has been the recipient of so many letters inquiring why the club is not building a bathhouse, which has been started recently by the club, has been allowed to die, that it writes the following letter to the public:

"The Park Boulevard Woman's Club, feeling that a city of this size should have a free municipal bathhouse, called a meeting January 6 to start the ball rolling. The chairman of the club section sent out thirty-five or more letters to prominent people asking their co-operation. Many answers were received, but on the day appointed, owing to the prevalence of influenza, there was not a large attendance and the meeting adjourned, subject to call when health conditions would be better. Liberty loan drives, the election, and so many things came along to take up public attention, that the idea of a mass meeting at the Auditorium was postponed. Now we learn from the Oakland newspapers that the mayor has a plan which is much the same. Knowing that he will do the right thing, we leave it to him.

"Chairman of Civic Section"

PICNIC LUNCH AT THE BEACH

Tomorrow is War Camp Community Service day at Neptune Beach. Every girl belonging to the Girls' Division is to be a hostess from 3 to 5 p. m. The admission badges are to be had from Mrs. Comer at the Girls' Club before tomorrow noon. Each girl is asked to provide a basket lunch for herself and a soldier or sailor—for tomorrow is likewise the boys' day at the beach. After the picnic the girls will return to the Girls' and Parents' clubs for the regular Saturday night dances.

Dancing Corps—attention! The June schedule will be the same as that for May.

Girls of Oakland: The Marines at Haiti are very much in need of magazines and they have expressed a longing for candy. Any girl who will send a letter word to this home some land will be doing a kindly act. Address all messages to commandant in charge of the U. S. Marines, Port au Prince, Haiti.

NEW Y. W. C. A. SECRETARIES ARRIVE

Miss Margaret Peterson has recently arrived from the East to act as recreation secretary of the Y. W. C. A. Miss Peterson is a well-known graduate and trained for recreation work in the national school for "secretaries." She came from Chautauque, New York, where she was engaged in recreation work before entering actively in upon her new duties. Miss Peterson is making a study of the recreation activities of girls in this city. Several industries have already requested that she visit them once a week at the noon hour and lead their young women workers in play. It is believed by the association that Miss Peterson's arrival at the beginning of summer is specially opportune, as a large number of the season's activities, as hiking, outdoor games, etc., are waiting her leadership.

Y. W. C. A. TO HELP IN CALIFORNIA CANNERS

Plans for special Y. W. C. A. work in the season of canning of the state were discussed at Wednesday's meeting of the extension committee, presided over by Mrs. A. M. Beebe, who took her place as chairman for the first time. Miss Anna Guthrie, industrial Y. W. C. A. secretary for the Pacific coast, visited the local association the first of the week to confer in regard to the best plan for local workers and the discussion at Wednesday night's meeting grew out of her visit. The association is planning to place special Y. W. C. A. workers in fruit canneries and packing houses the coming summer, as activities centering about the San Jose and Riverside districts. The work will be financed by the national board, who will use for the purpose part of the fund raised last fall in the united war work campaign and will be developed in harmony with the construction policy of the association.

The young crews of the Y. W. C. A. are preparing active preparations to participate in the Saturday regatta on Lake Merritt. Miss Albene Wolfe is in charge.

Miss Margaret Peterson, new recreation secretary of the Y. W. C. A., will make her first appearance at the regatta.

ance in regular duties next Wednesday evening at the usual Wednesday night play party for girls. These parties are proving highly successful, new girls or groups of girls appearing each Wednesday night. They are jolly, informal and afford girls splendid opportunities for becoming acquainted.

WHO WANTS TO ENTERTAIN SERVICE LADS?

The Defenders' Club, War Camp Community Service, is repeating today its invitation to the people of Oakland to participate in an entertainment Sunday which it would like to offer the soldier and sailor guests of the club. The club asks all owners of automobiles who would care to take the boys for a ride Sunday to communicate with Mrs. Robert Glenn, Lakeside 3217, stating what time they will give and when.

NEW OFFICERS FOR PRANCES WILLARD P. T. A.

The new officers of the Frances Willard school P. T. A. were installed at a meeting during the week, at which time Miss Blanche Morse, principal of the McKinley school, spoke, and the junior orchestra of the Willard school contributed the music. The officers for the next club year are: Mrs. C. W. Shilling, re-elected president; Mrs. W. O. Hayes, first vice-president; Miss K. Allen, of the faculty, second vice-president; Mrs. H. Laver, recording secretary; Mrs. M. T. Healy, corresponding secretary; Mrs. A. W. Smith, financial secretary; Mrs. W. D. Donnell, treasurer; Mrs. Carl Knudsen, auditor; Mrs. John Thompson, historian; Mrs. Frederick Athearn, parliamentarian.

LAST CLAWSON DANCE THIS EVENING

The Clawson school P. T. A. will hostess this evening at the last dance of the school year. It holds special interest in view of the fact that the graduating class will be present on mass and will be the guests.

### WOMEN FROM NORTH, SOUTH, EAST, WEST

Recommend Lydia E. Pinkham's Vegetable Compound as a Reliable Remedy for Woman's Ills.

Spokane, Wash.—"I want to recommend Lydia E. Pinkham's Vegetable Compound for women's ailments as it helped me so much during middle age."—Mrs. MARTHA COXSON, 1027 Mansfield Avenue.

Abilene, Texas—"For almost a year I was unable to do my work as I suffered so from female ill. Lydia E. Pinkham's Vegetable Compound restored my health after physicians had failed."—Mrs. E. E. OWENS.

Rockville, Conn.—"I suffered so long from female ill I was blue and melancholy. Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed."—MRS. WYNDY, 3 Chamberlain St.

Oakland, Cal.—"Lydia E. Pinkham's Vegetable Compound gave me such relief during Change of Life, I wish every woman could know about it. I surely praise this great remedy for women's ill."—Mrs. MARY S. ASHLEY, 5709 Dover Street.

The reason, Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

### For Biliousness

Sick Headache, Sour Stomach, Bloating, Gas, Constipation—all these distressing consequences of indigestion are avoided if the bowels are kept open and regular.

FOLEY CATHARTIC TABLETS act promptly, without pain or nausea. They clear the bowels, sweeten the stomach and tone up the liver.

F. R. Whitehouse, R. F. D. 1, Norfolk, Va.: "Foley Cathartic Tablets have done me more good than any medicine I ever used."

For sale by O. C. Brock, advertisement.

guests of honor. The club will give a special entertainment for the graduating class at a near date, as is its annual custom.

SPEECH ARTS ASSOCIATION TAKES NO VACATION

The Speech Arts Association is one of the few organizations which does not discontinue its activities through the summer months—the spoken word goes on forever like the habit of brook. However, the fact that the meeting occurs but once a month may account for the club's continued activity, and the fact that it takes no vacation does not interfere with the quality of the program.

Tomorrow, at the regular meeting at the Fairmont, Mrs. Ella Hughes will make the principal address followed by Channing McGovern and others who will read. Mrs. Oscar

Maillard Bennett of Berkeley is the president.

CLATWOMEN VISIT EASTERN COLLEGES

Miss Janet Haight, one of the trustees of Mills college and a member of that close corporation known as the Mills Club of Alameda county, accompanied by Hattie B. Edger, dean of the college, has left for a prolonged Eastern trip. The two women plan to attend the commencement exercises at Bryn Mawr, Vassar, Smith, Wellesley, Holyoke and Harvard. Later they will visit a mutual friend in Boston.

Dr. R. C. Anderson

Dentist. 23 years of dependability back my guarantee. 484 12th St. Oak.—Advertisement.

### Veterans Approve Public Construction

Resolutions approving the public works program of the city of Oakland, in which more than \$100,000 worth of street and construction work has already been started and more than half a million more initiated, have been adopted by the war veterans of Alameda county. According to Fred B. Mellman, secretary of the organization, this public work will be the means of absorbing surplus labor and thus aiding the soldiers being discharged from service. The war veterans in their resolution express the hope that the City Council will continue in the present policy, holding that it will stabilize economic conditions and provide ample opportunity for employment during the coming winter.

### Comb Nation for "Fake" Army Officer

KANSAS CITY, Mo., June 6.—Dr. R. C. McDonald, Kansas City blood specialist, secretly indicted by the federal grand jury here for impersonating an army officer, was the object today of a nation-wide search, the department of justice officials revealed. McDonald posed as the nephew of General Pershing, told tales of being awarded a medal for bravery in the Russo-Japanese war and being wounded in the Spanish-American war, justice officials said. He also is alleged to have made unsuccessful love to Kansas City women and girls, one of these "affairs" being responsible for his detection.

## DRESS "SALE" on Terms Continues—

Only one more day of this "sale on terms" of choice dresses. Discriminating women who know what Friedman quality and style mean are picking up really lovely dresses at unbelievable prices. Every frock is fresh and new, up-to-the-minute in mode, and radically reduced. You should see them.

### THREE PRICES ONLY—

Dresses formerly priced to \$27.50 now—

**\$13.75** Dresses formerly priced to \$41.50 now—

**\$18.75** Dresses formerly priced to \$47.50 now—

**\$21.75**

#### The Materials—

Jerseys, serges, crepe de chine, taffetas, foulards, as well as some Georgettes and printed crepes. Every color, including such new shades as henna, beaver, tan, turquoise and emerald, and such stand-bys as navy and black.

Sizes range from 16 to 44.

Not all models in all sizes.

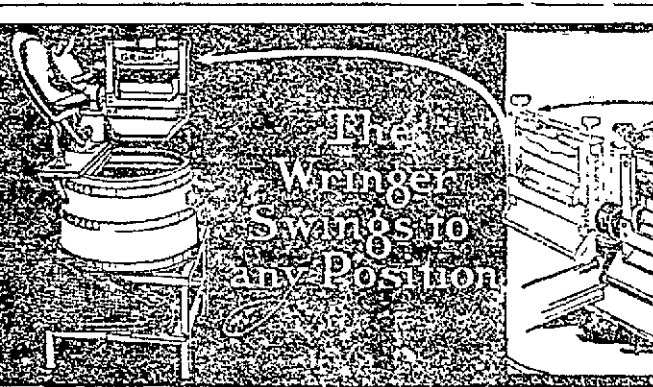

#### The Styles—

Desirable styles to suit practically all ages and types. Girlish dresses with pleatings and ruffles; smartly tailored jerseys in box coat effects; straight line styles embroidered or braided, with extended pockets.

### AND THE TERMS!

### GRINNELL LAUNDRY QUEEN WASHER-WRINGER

You can wring from the washer to the rinse tub—then to the bluing—then into the basket—without any lifting or stooping—just swing the wringer.

And by the simple pulling of a lever the top with dolly swings over the proper tub and does your rinsing.

The LAUNDRY QUEEN has but few moving parts and they are all on top and completely guarded. It stops operating the minute you lift the lid and costs but a cent an hour for electric power.

**The Laundry Queen \$100.00**

### Captured U-Boat to Visit Pacific Coast

NEW ORLEANS, June 6.—The former German submarine U.B.-88,

unofficially credited with sinking sixteen merchant ships during the war, left New Orleans today on a trip up the Mississippi river to St. Louis. The submarine will go later through the Panama canal and will visit Pacific coast cities.

## OPENING SPECIALS

Knit Goods Direct From Factory to You.

# The Knit Toggery

Manufacturers of Knitted Goods

Announce the opening of its Oakland Direct Factory Branch

486 Thirteenth Street (between Washington and Broadway)

TWO STORES IN SAN FRANCISCO

### Tuxedo Sweaters

It will pay any woman to look over our big line of Tuxedo Sweaters made of wool and silk in solid colors or in the accented pleated effects. Our low factory prices will prove a pleasant surprise to you. \$9.95, \$10.50, \$11.75.

### Silk Sweaters

Our silk sweaters for women, misses and infants are the biggest values ever offered in this city. All sizes are carried in stock and all the latest colors and combinations are shown. Special prices prevail during our opening period. \$4.95 to \$25.00.

### Wool Sweaters

One of the handsomest models we manufacture is a wool sweater-coat made of pure cashmere wool yarn in the hand knit and in its finish. It is built to wear, and yet combines beauty and graceful lines. The seams are reinforced by tape to prevent sagging. They come in all colors and sizes and are especially priced for the opening at \$12.50.

### BATHING SUITS

Special Opening Prices

Ladies' pure wool bathing suits are specially priced for the opening at \$4.95 to \$10.00.

Men's pure wool bathing suits have been marked down for the opening at \$2.50 to \$4.00.

Ladies' cotton bathing suits in all varieties are specially priced at \$2.95 to \$4.00.

Children's bathing suits of every description have been priced for the opening at \$1.00 to \$2.00.

ANY ALTERATIONS DENIED ARE MADE FREE OF CHARGE.

Sweaters and Knit Goods for the whole family at factory prices.

## MRS. HEAD SANE, VERDICT OF JURY

After ten minutes' deliberation at the close of an eight-day trial, during which the defendant acted as her own attorney, the jury in the case of Mrs. Frances Alethea Head, inspirationalist, magazine editor, lecturer, psychologist and poet, who had been pronounced insane by a commission in insanity, returned a verdict pronouncing her sane. The case was submitted to the jury late yesterday afternoon, the day being consumed principally in arguing the evidence, which is estimated to comprise more than 200,000 words.

After reviewing the evidence and explaining the portions which she admitted were detrimental to her insanity, Mrs. Head, mounting the platform on which the witness stands, launched into an explanation of her philosophy. She declared her belief that she needed to make no serious defense of her sanity further than to explain what she really believes and teaches, which belief, she claimed, has been distorted to make it appear ridiculous. Entirely calm, the trial apparently forgotten, she spoke for an hour.

The verdict for her dismissal was ten to two, one woman and one man on the jury holding that she is not sane. Mrs. Head went into the chambers and offered apologies to Judge Chamberlain, with whom she had many talks during the progress of the trial.

### MOTORMAN TOO SPEEDY!

SPOKANE, Wash., June 6.—A motorman, charged with the charge of running his street car 32 miles an hour.

### Bad Complexions Peeled Off At Home

The girl with the poor complexion complains, "I have to touch up my cheeks, I am so ugly, and a sight, and only my makeup saves me."

Now, as a matter of fact, more women than ever before are turning to the use of cosmetics. The practice certainly is unnecessary, now that the virtues of ordinary household soap as a beautifier have become known. It has been found that the wax has wonderful absorbent powers. It causes the face to feel cool and fresh, and in a minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all. The way the old complexion is actually removed—like a wax, it is peeled off in a minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all.

### Beauty the Complexion

IN TEN DAYS  
Nadinola CREAM  
The Unexcelled Beautifier  
USED AND ENDORSED BY THOUSANDS

Guaranteed to remove tan, freckles, pimples, liver-spots, etc. Extends cases twenty days.

Rids pores and tissues of impurities. Leaves the skin clear, soft, healthy. Two sizes. Sold by leading toilet counters or mail.

NATIONAL TOILET COMPANY, Paris, France

## POLICE ALARM PROVES TO BE WIRE TROUBLE

"What's doing?" This is the question that kept the police telephone busy for nearly an hour at the central police station last night—until Sergeant Robert Bruce Forgie went up in the jail elevator and fixed the switch that turns on the lights on the city hall tower.

The lights flash the hour. When they're on steadily it's a signal for policemen to phone in to the station. The lights were on—they went on in the day time, but were not noticed until dark. Then the phoning began. The electrician was out to dinner, so Forgie, who was once engineer on a dredger, went up and fixed the switch. He says a bent terminal caused it.

## STANFORD ALUMNI GATHER JUNE 14

STANFORD UNIVERSITY, June 6.—The laying of bronze plates by the classes of '93 and '94 to complete the line of class memorials in the inner quad at Stanford will feature the alumni day services here, scheduled for Saturday, June 14.

The alumni baseball team will play the senior team in the morning. The alumni team includes many former stars in Cardinal athletics and is announced as follows:

George Prosser '07 and J. D. Rutledge '11, catchers; Dudley Sales '08 and William Thelle '09, pitchers; Tom Workman '10, first base; Dave Cowden '08, second base; W. M. Argabrite '14, third base; Al Trowbridge '05, shortstop; James F. Lanagan '09, right field; Stanish Mitchell '13, left field; Charles Dooling '12, center field.

Judge John T. Nourse '09 and Leland Cutler '05 will umpire the game.

The alumni will be entertained at a reception and President Wilbur's residence in the evening.

A special train is to come from Southern California to bring the alumni to the celebration while automobile parties are being arranged from all parts of the state.

## Moose Will Give Delegates Reception

Three thousand persons are expected at the farewell reception which the Oakland Lodge of Moose will hold at 1000 Park tomorrow for the departing delegates from Oakland and fifteen central California cities to the annual convention of the Moose to be held at Menashaug, June 22.

Charles A. McGee, supreme dictator, will give an exposition of the aims and purposes of the organization. Mayor John L. Davis and a committee of mayors from the Eastbay region will receive visitors.

A challenge contest between drill teams from the San Francisco and Oakland lodges will be one of the features.

A. Vander Nulken Jr. is the chairman of the committee in charge.

## Dr. Elwood Mead is Past Operation Crisis

BERKELEY, June 6.—Dr. Elwood Mead, member of the university of California faculty and head of the State land settlement board, is recovering from a minor surgical operation performed at Alta Bates Sanatorium. His condition is not serious and he will be released to his home shortly.

## POSTAL ACCUSED BY U. S. OFFICIAL

WASHINGTON, June 6.—The conduct of the Postal Telegraph Company in its handling of government business at Washington in the trying period of war was enough to justify the taking over of telegraph and telephone systems, Assistant Postmaster General Koons told the House Interstate Commerce Committee at a hearing which closed just before issuance of orders by the postmaster-general relinquishing operation of the wire properties.

Koons stated that if other wire companies had adopted the same policy as the Postal, it would have strangled the government in the conduct of the war. He said:

"I do not know what was in the mind of the President, or what facts he had before him at the time the properties were taken over."

"But the country was engaged in war, and because of some facts recently come to us as the result of an investigation by a hearing committee, the actions, in my opinion, of the Postal Telegraph Company alone in handling government business out of the capital city and at other places in the United States at a crucial period through which this country was passing, would have justified the taking over of these properties."

MAKES CHARGES. Koons charged the Postal avoided government business, made no special provision for the handling of government messages filed with it for delivery in cities in which it maintained offices.

Information upon which the charges were based, he said, was obtained by inspectors from the records of the company. There was no evidence, however, to show intentional fault by the Postal, he said.

In view of the changed conditions since the government took over the wires, Koons said, it would be unwise to return them without protective legislation.

"In our judgment," Koons said on this point, "it would be unfortunate for the properties to go back without some protective legislation. To turn them back at pre-war rates would be unfortunate for their finances and make it impossible for some of them to do business."

Enactment of legislation which would compel all wire companies to accept government and all other business offered it without attempting to take the cream of it, was urged by Koons, who said that every company should handle its own proportion of unprofitable traffic.

COULD BE MET. It was his belief, he said, that, in view of the general increase in business everywhere, if the government could retain control of the telegraph companies until August 7, and the telephones until the end of the year, they could be restored to their owners without a deficit.

## Many Are Injured in Street Car Wreck

MILWAUKEE, Wis., June 6.—Sixty-five persons were injured, many seriously, when a street car ran down the Sixth-street hill, jumped the track and fell on its side almost a complete wreck.

The car crashed into a fire alarm box, bringing the fire department to the scene.

Before the arrival of ambulances, taxicabs and private automobiles, a volunteer rescue party of passengers, extricated the injured from the debris and rushed them to emergency hospitals. All are expected to recover.

## Dr. Wright, Former Minister, Divorced

LOS ANGELES, June 6.—Dr. Howard F. Wright, former minister and now a practicing physician of Hollywood, was granted a divorce from Mrs. Alice Brooks Wright, church worker, living at present in Berkeley.

The decree was granted on the ground of mental cruelty. Dr. Wright testifies that his wife was jealous of his many patients and often accused him before their friends of being addicted to the use of narcotics. Dr. Wright declared her alleged accusations were without foundation.

## Navy Cut to 200,000 Within Year is Plan

WASHINGTON, June 5.—Recommendations for a 1919-20 Navy of 250,000 men to October 1, 235,000 to January 1 and 200,000 to June 30, were made to naval affairs committee of the House by Secretary Daniels today.

Daniels told the committee that his schedule for discharges would permit him to release the men so as to come within his recommendations.

### Prominent L. A. Boy Charged With Attack

SAN DIEGO, Cal., June 6.—Charged with beating and robbing Frank Leaby, a tourist, five miles south of Capistrano, William D. Elton, alias E. R. Andrews, son of former Chief of Police Elton of Los Angeles, and John B. Hanson, also of Los Angeles, were taken to Santa Ana, where they must face trial.

The police say Elton, who is 22 years of age, confessed that he and his companion committed the robbery in a camp by the roadside after an auto in which Leaby had given them a ride had been wrecked. The youths knocked the victim down with a beer bottle and then, taking from him a considerable sum of money and a watch, caught a passing stage and came to San Diego, the police say. Leaby is said to have been seriously injured.

### Six-Dollar Coal in Alaska Next Winter

FAIRBANKS, Alaska, June 6.—Coal bills of Fairbanks residents next winter probably will be reduced 50 per cent, if the government railroad line is completed to this town by October, as expected. Dealers expect coal to sell here, delivered by the railroad, at \$5 per ton, or considerably lower than coal retails for in the states.

### \$34,200 Victory Bond Sale Total in Samoa

PAGO PAGO, American Samoa, June 6.—The sum of \$34,200 was subscribed here for the Fifth Liberty Loan by a handful of American naval officers, sailors and white civilians. This was a record subscription for the small population. The previous record was \$18,000.

### Beef Shortage in Hawaii This Year

HILO, Hawaii, T. H., June 6.—A drought on the island of Hawaii, the worst known since 1899, has resulted in an acute beef shortage on this island, which produces a large part of the meat consumed in the territory. There is no hope that the drought will be broken this year, as the rainy season is already past. Many cattle on the high ranges are too weak to walk and sheep and goats are reported dying by the thousands.

The beef shortage in Hawaii must be met by increased importations from the mainland. The price of mainland beef, including cost of transport, and cartage charges, to the retail butchers is 2 1/2 cents a pound. Island beef remains at 15 cents but is subject to a raise.

### DRY GOODS MEN ASK TAX REPEAL

Members of the Retail Dry Goods Association of Oakland are experiencing great difficulties in collecting the so-called "luxury tax" and have taken steps directed toward its repeal. Revenue bills before the luxury tax went into effect involved an intricate system of accounting, according to the association, whose members are finding the additional tax burdensome.

Telegrams have been sent to Julius Kahn, Arthur Elston, Claude Kitchin, members of the House of Representatives, and to Hiram W. Johnson, S. M. Simmons and James D. Phelan, members of the United States Senate, petitioning their cooperation in securing the repeal of section 904 of the bill. The telegram which has been forwarded reads:

"The Retail Dry Goods Association of Oakland petitions you most respectfully to consider the difficulties they are experiencing in collecting the luxury tax. Revenue bills already involve systems of accounting and this additional tax is proving very burdensome and cumbersome. We would therefore ask your cooperation in securing the repeal of section 904 of this bill."

"RETAIL DRY GOODS ASSOCIATION OF OAKLAND."  
"By Assistant Secretary."

Merchants throughout the city whose business has been affected by the newly imposed tax are supporting the retail association in its campaign.

Members of the association are H. C. Capwell Company, Cosgrave's, Eastern Outfitting Company, S. M. Friedman Company, Kahn's, Marymont & Upright, Mannheim & Mazor, Mosbacher's, Roos Bros., Taft & Penney, the Toggery, S. N. Wood Company.

### FEATHER CLOAK VALUED AT MILLION

HONOLULU, T. H., June 6.—Professor Herbert Ernest Gregory, geologist, and until recently a member of the faculty of Yale university, has arrived here to become director of the Bernice Pauahi Bishop museum, said to have the finest collection of Polynesian antiquities in the world. Professor Gregory succeeds Dr. William T. Brigham, who now becomes director emeritus.

The museum was founded as a memorial to Bernice Pauahi, a Hawaiian princess, who married one of Honolulu's first and wealthiest bankers and who renounced her right to the throne of Hawaii. A large part of her private fortune, many millions, has been devoted to the foundation of schools and for other works designed to improve the condition of the native Hawaiians, by whom her memory is held in deep reverence.

One of the treasures of the museum is a marvelous feather cloak, the property of Kamehameha, the Great, upon which a valuation of \$1,000,000 has been placed. It is kept in a steel vault and is only exhibited at rare intervals.

### California Writers' Club Gives Dinner

The California Writers' Club and their guests to the number of seventy-five gathered for their June

dinner Tuesday night in the Garden of Armenia, Allston way and Atherton street, Berkeley, to participate in a program devoted to Jewish literature. Rabbi Harvey Franklin of Temple Sinai presented a talk on Hebrew legends. The grand opera

which Mme. Carusi, wife of Arthur Street, has finished, was outlined by its composer. Those who contributed to the program were Charles Keeler, Arthur Street, Miss Lucy Byrd Mott, Miss Cora L. Williams, Miss Goldstein.

Fair Graduates  
Are to Enter  
Eastern Colleges

A score or more of the younger girls received their diplomas of graduation this afternoon from Miss Ransom's school in Piedmont, the hour of the formal ceremony being at 4 o'clock. Simplicity was the keynote of the presentation of the diplomas, and the fair graduates wore white middie blouses and skirts—a distinct change from the dainty lingerie frocks of seasons past. This graduating class includes Miss Elizabeth Bixby, Miss Gertrude Bos-Virginia Crane, Miss Margaret Miss Virginia Crane, Miss Margaret Dangberg, Miss Margaret Dunn, Miss Flora Edwards, Miss Georgia Graham, Miss Helen Grant, Miss Dorothy Grissom, Miss Margaret Gould, Miss Louise Howard, Miss Ruth Johnston, Miss Berenice Lang-ton, Miss Florence Martin, Miss Laura Miller, Miss Persis Miller, Miss Elizabeth Moore, Miss Margaret Munn, Miss Harriet Patterson, Miss Patience Winchester.

Already many of the class have formulated plans for the continuation of their studies at college, many

Oh, My! Those Awful Corns!  
Lift Corns Off With Fingers

Doesn't hurt! Apply few drops then lift a sore, touchy corn or callus right off

For a few cents you can get a small bottle of the magic freezone discovered by a Cincinnati chemist. Just ask at any drug store for a small bottle of freezone. Apply a few drops upon a tender, aching corn and instantly that old bothersome corn stops hurting, then shortly you can lift it out, root and all, with the fingers. Just think! Not one bit of pain before applying freezone or afterwards. It doesn't even irritate the surrounding skin. Hard corns, soft corns, or corns between the toes, also hardened calluses on bottom of feet shrivel up and fall off without hurting a particle. Ladies! Keep freezone handy on your dresser. Wonderful!

Don't be left out of things  
**Resinol**  
will help your skin

There's many a girl who goes through the pangs of jealousy and envy when she sees her friend, the girl with the radiant complexion, enjoying things. If you are a sufferer from skin troubles and know the embarrassment and pain they bring, waste no further time fretting about your ailment but commence immediately the Resinol Ointment treatment. Pimples, blackheads, blochy patches on the face, rough red skins, speedily respond to the soothing, healing medication this ointment contains. Even quicker results may be obtained by joint use of Resinol Soap with Resinol Ointment. Apply the ointment at night. Wash the face with the soap by day. Sold by all druggists.

intending to enter large eastern colleges.

Miss Elizabeth Moore, daughter of the Walton Norwood Moores, has decided to enter Vassar in the fall, as will Miss Persis Miller, Bryn Mawr is the choice of Miss Florence Martin; Smith College that of Miss Patience Winchester; Miss Florence Bred will enter Wellesley, Miss Margaret Dangberg and Miss Ruth Johnston, Mills College, while those who have decided to enter the University of California are Miss Harriet Patterson, Miss Margaret Munn, Miss Laura Miller, Miss Helen Grant and Miss Georgia Graham.

A pleasant surprise to friends of Mr. and Mrs. Albert J. Coogan (Marjorie Emmons) of Alameda, is the announcement of the birth of a little son on Thursday last. Mrs. Coogan and her infant son returned from Fabiola yesterday to their home in the Encinal city. Many cards of felicitation and pretty remembrances have been sent to honor the little newcomer.

Mr. and Mrs. George Wellington Emmons and Miss Gertrude Emmons will leave tomorrow for Lake Tahoe on a motor trip. They will be gone a week or ten days. Miss Gladys Emmons is still in France, where she is engaged in post-war work. She expects to remain abroad for several months longer.

Mrs. W. Jurgens entertained in honor of Mrs. Fred E. Butter of Sacramento at hotel Oakland Wednesday afternoon. Others sharing her hospitality were Mrs. H. H. McGinn, Mrs. A. Bradley, Mrs. V. Selby and Miss Veronica Crowley.

Mr. and Mrs. Andrew Annan Cook announce the birth of a little son in their home recently. The baby will be christened Andrew Annan Cook Jr.

Mr. and Mrs. Wallace Alexander came home this week from the Orient after a sojourn extending over several weeks. Mrs. Alexander will resume her work at the canteen, giving service to overseas men returning from the front.

## RECEIVE DIPLOMAS FROM COLLEGE

A number of the younger girls were members of this year's graduating classes from the University of California. Among those who were graduated from the College of Letters and Science were Miss Marion Meredith Bogle, Miss Ella Cole Burrows, Miss Eleanor Burnham, Miss Angus Barbara Cowan, Miss Ruth Laven-son, Miss Ruth Erida Louise Leuschner, Miss Marjorie Waldron and Miss Thelma Selick.

Randolph Nickerson, Wynond Garthwaite and Arthur Merrill Brown Jr. were also among this year's graduates.

Mr. and Mrs. Percy Murdock and Mr. and Mrs. Robert Newell are to leave the week end on a motor trip to the McCloud Country club. They have planned a fishing trip through that country and will be away for about ten days.

June 20 is the date upon which Miss Phyllis Roberts and John M. Jones are to be married in Texas.

Oakland Hero Listed  
as Severely Wounded

Private Joseph Kelly, next of kin Mrs. Florence Kelly, 521 Nineteenth street, who is listed as wounded severely, is the only Oaklander whose name appears among the casualties announced by the War Department today. Other Californians listed are: Killed in action (previously reported missing in action)—Private Geo. W. Evans, San Francisco.

Wounded severely—Private Giovanni Cozzo, San Francisco; Private Raymond N. Troesh, Whittier.

## Mrs. D. H. Roberts and her daughter

are to leave for the south this coming week. The bride-elect is one of the popular brides-elect of Berkeley. Her marriage to Mr. Jones will necessitate her residence in Texas in future, since the bride-elect is interested in oil in that state.

Mr. and Mrs. Maxwell Taft will leave Monday for Lake Tahoe, planning to remain in the country for a month. They have an attractive cottage near the lake.

Wednesday, June 11, Mrs. Walton Moore has invited guests to tea at her home in Crocker Highlands. Invitations have been extended to friends upon both sides of the bay.

War Protection Bill  
Signed by President

WASHINGTON, June 6. — Secretary Tamm has announced that the

President has signed the emergency deficiency appropriation bill, which includes appropriations for war risk allotments and pensions for the fiscal year ending June 30.

Calomel Today! Sick Tomorrow!  
I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious, feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, full of vigor and ambition. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick. I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.—Advertisement.

# NATIVE SONS CLOSE SESSION IN YOSEMITE

## HURRY TASKS TO COMPLETE BIG PROGRAM

William P. Cauby's Election to the Grand Presidency Uncontested Puts Spirited Order Worker in High Post

Character of Convention Oratory Arouses Enthusiasm as Various Resolutions and Memorials Are Introduced

Special to The TRIBUNE. YOSEMITE VALLEY, June 6.—This is the closing day of the Grand Parlor and the busiest of the session. In addition to the election of grand officers, nearly all the resolutions introduced and legislation proposed since the opening day must be acted upon before adjournment. Members were speculating as to whether the business can be concluded in time for the big banquet scheduled for this evening.

William P. Cauby was today elected grand president. Cauby, who hails from San Francisco, was chosen without contest. For many years the new head of the order has been a most active worker and enthusiastic Native Son. James F. Hoey of Martinez was chosen grand first vice-president, while William L. Traeger of Berkeley advanced from the office of third to that of second vice-president.

### CONVENTION ORATORS ARE IN FINE FORM

It is a matter of general comment that the oratory of this Grand Parlor has been above the average. It has been intimated that this is due to the inspiration of the surroundings. The nomination speeches were of a high order and the eulogies delivered in the Lodge of Sorrow Wednesday were far above the average. Phil Carey of Berkeley, who made a splendid impression in paying a tribute to the late Professor Henry Morse Stephens, while the address of Fletcher Cutler on the life and character of Mrs. Hearst, the eulogy of Judge R. B. Goodell in memory of deceased members from Southern California, and the speech of Lewis E. Livingston ranked equally high as oratorical efforts.

Harry G. Williams was nominated by Past Grand President Jo V. Snyder. William J. Hayes, another Alameda county candidate, was named by Phil Carey, who, although not a delegate, was given the privilege of the floor. Past Grand President J. H. Reuter of the San Francisco lodge presented the name of Senator Frank M. Carr for grand trustee.

A. T. Sousa of Alameda Parlor withdrew from the fight for grand outside sentinel. I. H. Reuter of Yosemite Parlor, who has had charge of the arrangements for the reception of the delegates, was the candidate, and Sousa realized that the position occupied by Reuter, which is virtually that of host, gave him a marked advantage.

A contest in a respect was raised by the introduction of a resolution for the reinstatement of Charles A. Borton, who was involved in many graft prosecutions in 1906. Many resolutions are introduced at Grand Parlor sessions that have no chance of adoption, and the mere introduction of a resolution by an individual member has no particular significance. In this instance the story was played up by a San Francisco newspaper, the impression being given that action was likely to be taken, when, as a matter of fact, the resolution never had a chance of serious consideration.

### ARMISTICE DAY TO BE CELEBRATED

A resolution was adopted providing that the various parlor annually celebrate on November 11 with appropriate patriotic ceremonies the anniversary of the signing of the armistice, this date to be known as Armistice day. On the occasion of these celebrations members of the order and others who served in the army and navy will be guests of honor.

A resolution was adopted providing for the removal of the remains of General John A. Sutter from the town of Litz, in Pennsylvania, to Sutter's Fort, in Sacramento, which he established. Sacramento Native Sons have raised \$1000 to defray the expenses of removal, and it is understood that the surviving relatives have given their consent. Previous efforts to remove the remains had been blocked by relatives.

Past grand presidents inclined to be superstitious are commenting upon the fact that at the annual banquet, held Wednesday night, there were thirteen seated at the table. It was noticeable that, contrary to usual custom, no one left early, the party breaking up at a late hour. A banquet to the grand officers and delegates at Camp Yosemite tonight will conclude the formal program for the 1919 Grand Parlor. The visitors will remain over tomorrow to continue their exploration of the valley.

While many of the delegates will depart for their homes tomorrow, a large number will remain over until Monday.

## Good Clothes Are "Good Business"

### CHERRY CHAT

First impressions, strong and lasting, are created by your appearance. Make your appearance an asset. A new suit purchased at Cherry's will prove a profit-paying investment. Cherry's terms are most convenient—just to suit you. Come in and see what a splendid stock of new summer apparel we have just received. Presenting the highest grade, nationally advertised makes of tailored clothes. The values will interest careful buyers. Cherry's, 528 Thirteenth street. The women's store is at 515 Thirteenth street.—Advertisement.

Grand Parlor of the Native Sons of the Golden West in convention at Yosemite Valley. Upper group picture shows the Grand Officers elect, with WILLIAM P. CAUBY of San Francisco, Grand President-elect, at the right. Below is a general view of the delegates to the Grand Parlor.

## MANY HUNDRED CHILDREN ARE PUT IN HOMES

### Special to The TRIBUNE.

Yosemite Valley, June 6.—Close to 1300 children, through the ministrations of the Native Sons and Native Daughters of California, have been placed in homes, good homes, too, since the joint order constituted in 1910 the committee on homeless children. This was shown in the report which the committee has filed with the Grand Parlor in session here.

In the year just concluded the number of children placed is the largest since the inauguration of the work. Owing to the replacing in the nine-year period of 253 children where circumstances seemed to warrant, there have been 1545 homes supplied with children during this time.

The committee which has been handling this labor of humanity and love has been composed as follows: Charles M. Delshaw, chairman; Harry G. Williams, vice-chairman; L. M. Peckham, representing the Native Sons; Adelle Mesner, Ariana W. Stirling and May C. Bolde-mann, representing the Native Daughters; Agnes C. Rogan, representing Catholic institutions; Lucius L. Solomons, representing Jewish institutions; Charles A. Murdoch, representing Protestant institutions; and Henry G. W. Dinkelspiel, representing the Associated Charities of California; Mary E. Brusie, secretary.

### PLANS EVEN GREATER LABORS IN FUTURE

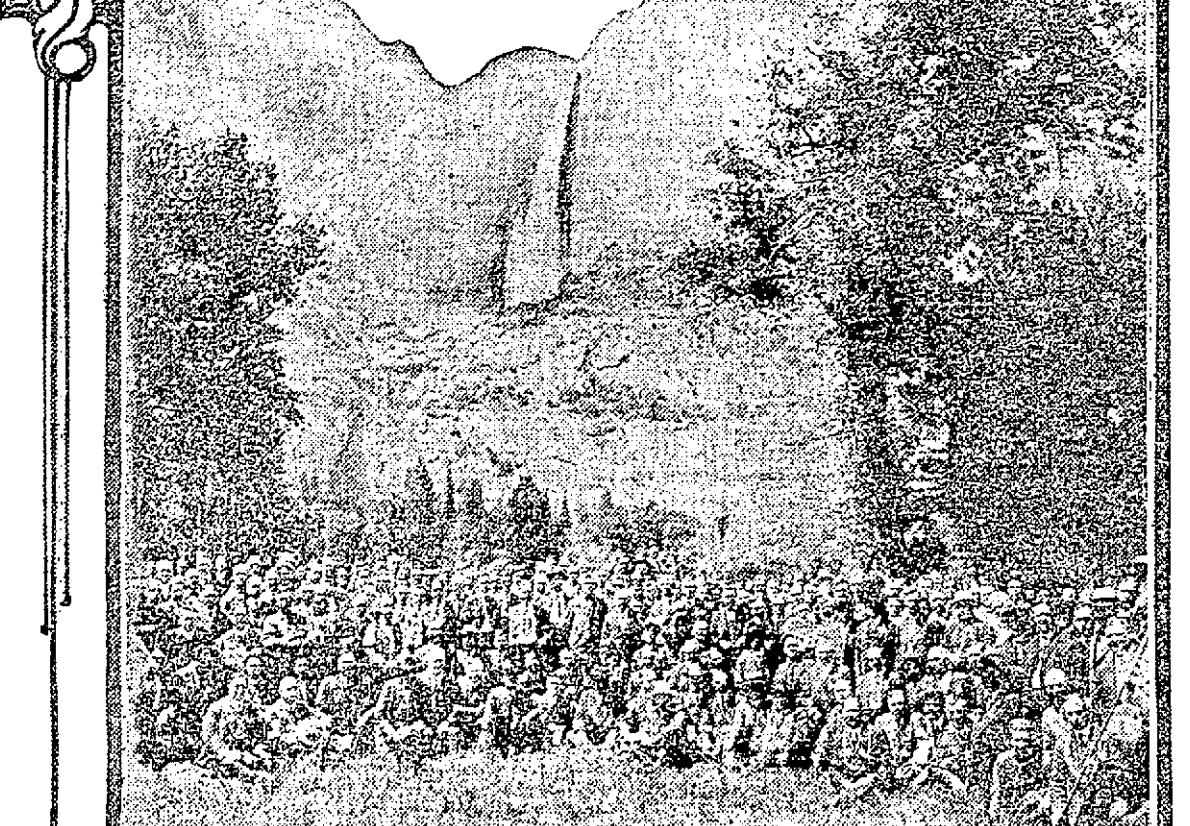

The committee has no idea of permitting the work to stop here. Concluding its report, it presents these high ideals for future service: "The years immediately ahead are to be the most critical in history. There must be, and undoubtedly will be, renewed zeal and greater activity on the part of every child-loving Son and Daughter, not alone in the choosing of the suitable home for a child, but in every branch of child welfare work needing the support of American men and women."

How the Native Sons and Daughters are trusted by the people at large of the state in this work is indicated in the report not only by the mention of widespread donation that has been made to the fund, but by the applications for children which the committee has received. These applications have numbered 2943 in the nine years, and of them 2548 have been granted, 625 have been rejected or withdrawn, while 770 still are pending. Of the 1239 children placed for adoption, 793 have been actually adopted, 345 are under supervision and awaiting adoption, 27 have died and 125 have been returned to institutions or relatives.

Five counties of the state contain more than ten each of the homes into which 203 children have been inducted during the year. These are as follows: San Francisco, 53; Alameda, 36; Los Angeles, 25; Fresno, 16; Santa Clara, 11. Of the 135 children placed, 133 were relinquished directly to the committee and 2 were placed by it pending placement. The children come from many institutions, such as the Beulah Home, Florence Crittenton Home, Kees Cottage and California Home for Girls, while others are derived from charitable associations, relief societies and the like.

### PARLORS LOYAL IN SUPPORT OF WORK

The work of the committee has been well sustained, says the report, by the Native Sons and Native Daughters' parlors of the state. Joint contributions have amounted to \$724.22; Native Son contributions have totaled \$2206.55, and Native Daughters have contributed \$996.24. Alameda parlors added \$515.54 to this and San Francisco parlors \$2500. Other contributions brought the total receipts of the committee to \$3935.52 for the year in addition to a working balance at the start of \$9821.24, a total of assets of \$19,760.12. The committee, after expending \$9544.34 during the year, has a balance on hand of \$10,215.78. Some general conclusions with regard to its work are made by the committee as follows: "To the credit of both orders of the Native Sons and Native Daughters can be recorded one of the most successful years in the children's work, not alone from the standpoint of numbers, but in the greater in-

## 'NO CONTROVERSY,' MILLIONS INVOLVED DECLARES BAKER IN PATENT SUIT

WASHINGTON, June 6.—A tart letter written by Secretary Baker to one of the governor stating that he had forwarded to the Senate military affairs committee a report of the chief of staff of the First army charging officers of the 35th division with inefficiency, was made public by the war department. "You assume you are in controversy with the war department," the secretary wrote. "I do not think such a controversy exists, nor does it seem that this document makes clearer any of the assertions heretofore made by you with reference to the 35th division."

Referring to Governor Allen's alleged reference to the "highly organized inefficiency" that characterized every department of the army activity over there, the secretary wrote: "You must admit this is a rather general assertion. It does not invite reply. Briefly, governor, you are in no controversy with the War Department."

### Municipal Lighting Plan to Be Examined

CHICAGO, June 6.—Dr. E. B. Copeland, president of the Chicago Chamber of Commerce, has announced the appointment of a committee on municipal lighting to investigate the proposals of the city trustees for municipal ownership and to report to the Chamber of Commerce. The committee includes ex-Mayor William Robie, chairman; H. S. Moir, A. H. Smith, E. T. Williamson, Dr. N. T. Endicott, John R. Robinson, L. G. Faulkner and J. E. Thompson.

### Hawaiian Capital in Philippine Sugar

HONOLULU, T. H., June 6.—A group of capitalists of Hawaii are preparing to invest \$5,000,000 in the sugar industry of the Philippines. John A. McCandless, John Watt and John Hind, representing the Hawaiian financiers, are now in Manila in connection with the enterprise. It is not planned to engage in the actual planting of sugar, but to erect large sugar mills at central points and otherwise to encourage development of the industry. Late Manila papers report that the Hawaiian men are making good progress.

### British to Control All of Afghanistan

LONDON, June 5.—The British commander in Afghanistan, replying to the amir's request for an armistice, has given the following terms: "The Afghans to move back twenty miles; the British to maintain their present line; British seaplanes to be allowed to patrol the Afghan lines and the activities of warlike tribes to be discouraged."

### SEES FOR DAMAGED AUTO.

Alleging careless operation of a Southern Pacific train, which crashed into her limousine and seriously damaged it at Seventh and Webster streets November 17, 1918, Mrs. Fannie M. Irwin today sued the Federal Railway Administration for \$850 damages.

## WEST WILL BE SUTTER'S LAST BURIAL PLACE

Special to The TRIBUNE. YOSEMITE VALLEY, June 6.—The body of General Sutter, the pioneer who built Sutter's Fort at Sacramento, will be brought back to California for interment at the fort by the action of the Grand Parlor, Native Sons of the Golden West, on the last day of their session. The body is resting in Pennsylvania.

The General's relatives have all given consent to the removal to California where the old veteran was prominent in early days. The Native Sons in Sacramento have contributed \$1000 toward the expenses of bringing the bones to the capital city and depositing them at the fort.

Grand Outside Sentinel Hubert E. Scudder Jr. has been most zealous since the session opened in guarding the outer door against the possible entry of those uninitiated into the mysteries of Native Sonism. On Wednesday, however, there broke into the government pavilion, where the sessions are held, a Californian who did not possess the pass word. In fact, this particular individual, although endowed with ample lung power, was incapable of intelligent articulation. This real Native Son could "go," but only in the language of the Yosemite tribe of Indians. While nominations were proceeding according to program, and the orator was echoing and re-echoing to the remotest points in the valley until the overhanging rock at Glacier point fairly trembled, there was a disturbance at the outer door.

Inquiry as to the cause of the great confusion elicited the information that Grand Treasurer John E. McDougald had just broken in with a four-months-old genuine Native Son, born in the valley four months ago while the snow was five feet deep. Handling his precious charge with the same care that he does the fungus of the order, McDougald brought the baby to the station of the grand president, where it was christened to its proud mother. The nominations then proceeded without interruption.

After a futile attempt to force Past Grand President Charles M. Delshaw of the committee on homeless children to adopt the infant it was returned to its proud mother. The nominations then proceeded without interruption. Grand Secretary Jung has received a telegram from Sacramento stating that the bill providing for the preservation of the old blacksmith shop in Coloma used by Marshall, discoverer of gold in California, had been signed by Governor Stephens.

Two aeroplanes from Mather Field flew over the valley yesterday, but did not land. One held to a great height. The other swept low, once cutting the spray of the Upper Yosemite falls, circled Half Dome and flew above Nevada falls.

A party of 300 delegates led by I. H. Reuter made the trip to the top of Yosemite falls, lunching at Yosemite Point. Many continued on to Eagle Peak and some to the top of El Capitan. Native Sons were seen at Glacier Point, Nevada Falls and Tenaya Canyon.

## Marines Struck Turning Blow of War 1 Year Ago

One year ago today, the fourth brigade of American marines launched their famous attack on Belleau Wood, west of Chateau Thierry, now officially known as the "Bois de la Brigade des Marines."

On the same day, the German long range gun, concentrating its fire squarely on the center of Paris, exploded shells in the Hotel Scribe, one block from the opera and other central parts of the city.

## NEWS BINDS NORTH, SOUTH AMERICANS

WASHINGTON, June 6.—Frank B. Noyes, president of The Associated Press, told the Pan-American conference today that the exchange of "true ungarbled and unbiased news" between the North and South American continents, now being brought about by the membership of South American newspapers in the organization "would be more effectual in cultivating and maintaining the relations of friendship and affection that should exist between the two continents of this hemisphere than all the propaganda that could be fed out by all the publicity agents that could be put to work."

Noyes explained how The Associated Press, "probably the most notable co-operative effort now functioning," was in no sense a governmental agency, is forbidden by its charter to make or distribute profits and has always refused to handle propaganda, believing that its function was properly limited to supplying a news service to its members without bias so far as that is humanly possible. This applied to some of the most important South American newspapers, and they were received into the organization not as customers or clients, but as full members of the co-operative organization.

"It is a matter of pride to the Associated Press," said he, "that this invitation to our fellowship was instantly accepted and that we now list among our members the most important journals in the countries to the south of the United States, for we have had members in Mexico and Cuba for years."

# M'ADOO SAYS R. R. DEFICIT WON THE WAR

SANTA BARBARA, June 6.—The \$200,000,000 deficit resulting from government control of railroads last year was due to measures that had to be taken to keep Europe from starvation and to win the war, William G. McAdoo, former director of railroads, declared in a letter to Thomas M. Storke, publisher of the Daily News here.

McAdoo relates in the letter hitherto unpublished facts as to the situation in February, 1918, when American shipments of cereals abroad were 300,000 tons short for the previous two months. As a result of this shortage the rationing of the Italian army had been reduced and those of the French army once. The civil populations of England, France and Italy were on the verge of starvation and the premises of the three countries, at a meeting in Versailles combined in an appeal to President Wilson to rush wheat because the morale of the allied peoples was falling at the prospect of starvation.

**PRIORITY IS GRANTED.**  
February 8, 1918, as a result of this appeal, representatives of the three countries and Herbert Hoover, Dr. J. A. Garfield and Carl R. Gray, representing McAdoo, met in Washington and decided that absolute priority be granted to food shipments to Atlantic ports. The allied representatives stated they had carried their ammunition cargoes and that sufficient bottoms were on hand to carry the wheat—a million tons of it—overseas.

McAdoo immediately ordered all empty boxcars fit for carrying grain rushed to wheat-growing states and directed that station agents in those states cooperate with the farmers and elevator men in the prompt loading and despatch of the filled cars to the Atlantic seaboard.

For two weeks priority and preference were given in the furnishing of boxcars for grain and grain products, except merchandise in less than carload lots, fruit, lumber and pulp. Despite continuous blizzards and below-zero weather, the empty cars, contrary to all railroad precedents, went streaming west at an enormous expense.

**WHEAT DELIVERED.**  
At the expiration of five weeks from the appeal McAdoo declared he was able to notify the allied representatives that there was more grain at Atlantic ports than their steamships could handle.

He declares that had it not been for war emergencies of this character, the \$200,000,000 of 1918 could have been turned into a profit. It

## GENTLER SEX TO HELP RUN L. A. ON 50-50 BASIS

LOS ANGELES, June 6.—Women are to have an equal share with men in running the Los Angeles city government under the administration of Mayor-elect Snyder.

Snyder declared today that he felt women were entitled to an equal share of the official positions and he intends to divide his appointments on a 50-50 basis between the men and women voters.

McAdoo relates in the letter hitherto unpublished facts as to the situation in February, 1918, when American shipments of cereals abroad were 300,000 tons short for the previous two months. As a result of this shortage the rationing of the Italian army had been reduced and those of the French army once. The civil populations of England, France and Italy were on the verge of starvation and the premises of the three countries, at a meeting in Versailles combined in an appeal to President Wilson to rush wheat because the morale of the allied peoples was falling at the prospect of starvation.

**PRIORITY IS GRANTED.**  
February 8, 1918, as a result of this appeal, representatives of the three countries and Herbert Hoover, Dr. J. A. Garfield and Carl R. Gray, representing McAdoo, met in Washington and decided that absolute priority be granted to food shipments to Atlantic ports. The allied representatives stated they had carried their ammunition cargoes and that sufficient bottoms were on hand to carry the wheat—a million tons of it—overseas.

McAdoo immediately ordered all empty boxcars fit for carrying grain rushed to wheat-growing states and directed that station agents in those states cooperate with the farmers and elevator men in the prompt loading and despatch of the filled cars to the Atlantic seaboard.

For two weeks priority and preference were given in the furnishing of boxcars for grain and grain products, except merchandise in less than carload lots, fruit, lumber and pulp. Despite continuous blizzards and below-zero weather, the empty cars, contrary to all railroad precedents, went streaming west at an enormous expense.

**WHEAT DELIVERED.**

He declares that had it not been for war emergencies of this character, the \$200,000,000 of 1918 could have been turned into a profit. It

## STEAMER SHOWS NO SIGN OF STRAIN

No damage was sustained by the 5500-ton freighter Dellwood because of the strain it has undergone since it became wedged in its ways when piling collapsed during the first attempt to launch it at the Hamilton shipyards on May 28, according to D. C. Young, manager of the yard, and Captain Edward Curtis, marine surveyor. They have completed an inspection of the hull following the completion of the launching of the craft late Wednesday night.

When the Dellwood became wedged in the ways it had a heavy list to port. As soon as it reached the water it immediately became upright. Five tugs were needed to launch the vessel by dragging it off the collapsed cradle.

**LAUNCHING AT MOORE YARD.**  
The 5400-ton steamer Mechanno, one of twenty-eight similar vessels to be built for the Emergency Fleet Corporation by the Moore Shipbuilding Company, will be launched at 8:45 o'clock tomorrow evening.

Consul General Martignoni, office employee of the company, will be sponsor. Two other girl employees, Margaret Anderson and Nora Hansen, will sponsor two other ships to be launched during this month. The second launching will be on June 14, when the Quabbin, 12,000-ton oil tanker, will leave the ways. On June 21, the Nagus, 5400-ton freighter, will be launched.

Preparations are being made to launch the Mechanno on the day at Moore Shipbuilding Company's plant September 9, Admission Day.

**Aged Woman Still  
in Serious Condition**  
Mrs. Agnes Dobbie, age 75, seriously injured yesterday afternoon by being run down at Third avenue and East Twelfth street by a motorcycle ridden by Robert Johnson, slept during the night and late this forenoon at Pablos Hospital. Her physicians have not been able to give assurance of her recovery.

In addition to a compound fracture of the thigh the aged woman sustained internal injuries. Mrs. Dobbie had left her home at 1435 Third avenue to go shopping. Her daughter Margaret and other members of the family were busy preparing for the celebration of their mother's seventy-fifth birthday when the accident happened.

**BAIL IS FORFEITED.**  
Accused of selling furniture in Berkeley, for which he had not paid in full, Alfred J. Schworer, at liberty on \$1000 bail pending his trial, failed to appear in court when the case was set. The bond was forfeited. District Attorney Decoto has directed the police to help locate him. Schworer was arrested in Bakersfield a month ago.

# WE'LL ALL BE LOOKING 1000 YEARS HENCE

One-half of the peoples of the globe will be insane asylums in 1000 years if the present percentage of mental cases continues, was the statement which Dr. Eva Charles Reed, University of California hospital, San Francisco, presented last night to the board of governors of the Public Health Center of Alameda county.

The great problem of the day among mental, social and public health workers, according to Dr. Reed, is how to prevent the alarming increase in mental diseases. Dr. Reed returned from a year in France, where she declares she was a convert to the plan of education in social diseases as carried out in the military forces.

Professor George M. Stratton, department of psychology, University of California, emphasized the tremendous need for prevention in the field of mental hygiene. Mrs. Virginia Hicks outlined the efforts which she is making on behalf of the subnormal pupils in the public schools and the soldiers suffering from shell shock in Letterman general hospital at the Presidio.

Charles E. Snook, chairman of the board of governors, presided.

**TRIAL DATE SET.**—The trial of A. C. McBride, Southern Pacific warehouse foreman, accused of the theft of merchandise, was set by Federal Judge Rudkin for trial next Tuesday. The goods stolen include silk valued at \$10,000, consigned to J. F. Hink & Son, Berkeley, and goods consigned to Woodward & Schuster, Berkeley.

## ECZEMA ON FACE FOR FOUR YEARS

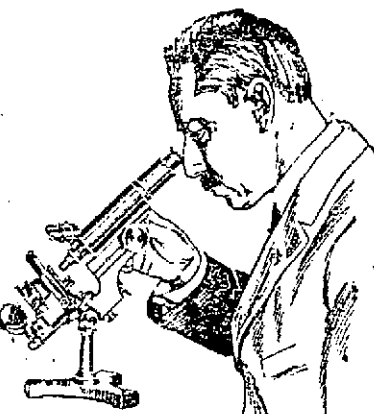

Itched and Burned Constantly. Cuticura Heals.

"Eczema broke out on my face which was covered with dry blisters. They itched and burned constantly, and then my face would become swollen and inflamed. At times I could not sleep for the burning and itching.

"For four years I was troubled mostly in the summer. At last a friend told me about Cuticura which I bought. After I had used two cakes of Soap and one box of Ointment I was healed." (Signed) Miss Delia R. Bullock, 8, Edgington, Wash.

Cuticura Soap to cleanse and purify, Cuticura Ointment to soothe and heal and Cuticura Talcum to powder and perfume are ideal for daily toilet purposes.

## ONCE GRAY HAIR NOT ALWAYS SO

No longer is it necessary for men or women to be held back on account of gray hair. The business world takes keen notice of gray hair nowadays—but why worry, when it can be easily remedied to its natural color with the wonderful scientific process discovered by Dr. G. H. Austin, of Chicago, for turning the natural color of the hair into a brilliant manner to that of development of the photographic negative. It is the only scientific and lasting method for restoring color to the hair. Hair Restorer is absolutely safe, does not injure either the hair or scalp, and is not a dye. It is as simple as water—a pleasing and simple method to apply. It will not wash off.

Dr. H. B. Restor comes in a bottle for Black and all Dark Shades of hair.

## STOMACH TROUBLES ARE DUE TO ACIDITY

Tells Safe, Certain, Speedy Relief for Acid Indigestion

So-called stomach troubles, such as indigestion, gas, acidity, stomach-ache and inability to retain food are in probability nine cases out of ten, simply evidence that excessive secretion of acid is taking place in the stomach, causing the formation of gas and acid indigestion. Gas distends the stomach and causes that full, oppressive, burning feeling sometimes known as heartburn, while the acid irritates and inflames the delicate lining of the stomach. The trouble lies entirely in the excess development or secretion of acid.

To stop or prevent this souring of the food contents of the stomach and to neutralize the acid, and make it bland and harmless, a responsible, powerful, and effective remedy, a good and effective corrector of acid stomach, should be taken in a quantity of a glass of hot or cold water after eating or whenever gas, sourness or acidity is felt. This sweetens the stomach and neutralizes the acidity in a few moments and is a perfectly harmless and inexpensive remedy to use.

An antacid, such as bisphosphate of soda, which is obtained from any drugstore in either powder or tablet form enables the stomach to do its work properly without the aid of the antacid. Magnesia, known in several forms, does not neutralize the acid, but only liberates the mucus which is especially prepared for the above purpose.—Advertisement.

## NEW EVIDENCE IN INEZ REED CASE SAN FRANCISCO NEWS AFFINITY DIVORCE CASE WITHDRAWN

SAN FRANCISCO, June 6.—Mrs. Sarah C. Dugan was granted a divorce from Herbert P. Dugan, wholesale druggist, and \$4000 alimony to be paid at the rate of \$150 a month. Judge Shortall granted the divorce on an amended complaint which withdraws the original charge that Miss Helen Pickett was Dugan's affinity.

During the course of the hearing, which has been going on intermittently for a year, it was testified that Miss Pickett had been allowed to purchase flowers and clothing, which was charged to Dugan's special account. Anology was tendered to Miss Pickett, an employee in Dugan's laboratory, by Attorney Thomas Dozier, attorney for Mrs. Dugan, for bringing her name into the case. Judge Shortall agreed that the young woman had suffered a great injustice.

Professor George M. Stratton, department of psychology, University of California, emphasized the tremendous need for prevention in the field of mental hygiene. Mrs. Virginia Hicks outlined the efforts which she is making on behalf of the subnormal pupils in the public schools and the soldiers suffering from shell shock in Letterman general hospital at the Presidio.

Charles E. Snook, chairman of the board of governors, presided.

**WRONG MAN NAMED IN ROBBERY CASE.**—John de Vries, inspector for the San Francisco Police Department, was not arrested Wednesday, as stated in police reports. Joseph Attix, another inspector, was the man arrested on complaint of Jim Bruce, a Chinese laundryman who says that when Attix left his place after searching it for opium he missed some money and two Liberty bonds. Attix appears before Judge Sullivan tomorrow.

**CONTINUANCE TO BE ASKED IN REED CASE.**—A continuance which on account of court vacation would put the hearing over to August will be asked by District Attorney Franklin Stuart of San Mateo county when the case of Dr. Ephraim Northcutt, San Francisco, practitioner charged with the murder of Inez Reed, army nurse, whose body was found March 8 in a ravine in the San Mateo county hills, comes up for trial on Monday. Stuart says that new evidence has been discovered and the proper assembling of the prosecution's case will be the reason for the continuance.

## LIONS' VIRTUES LAUDED AT FEAST OAKLAND BANKER IN ELECTION LISTS

With more than fifty members of the newly organized Berkeley den present as guests, Oakland den, International Association of Lions Clubs, held its second annual banquet at the Hotel Berkeley last night. Members of the club with their wives and women friends to the number of 400 attended. The program for the occasion was under the direction of Dr. G. H. Austin, a member who recently returned from the overseas naval service.

Frank A. Pitts, president of Oakland den, presided and delivered the address of welcome. He congratulated the members of Berkeley den and expressed the hope that the new organization would develop rapidly.

Judge William H. Waste told of the co-operation that is being given other similar organizations by the local den of lions.

Jesse Robinson, governor of the western district of the International Association of Lions Clubs, discussed the creed of the organization, which, he said, symbolized the highest type of American citizenship.

R. O. Long, president-elect of Berkeley den, made a response in acceptance of the charter, and H. C. Capwell, president of the Chamber of Commerce, gave a toast to women.

Herman T. Johnson, new president of Oakland Rotary Club, and Robert Sproule, president of the Berkeley Rotary Club, each gave brief talks, during the course of which they congratulated the members of the Lions Clubs.

There were several musical numbers and dancing.

It was announced during the evening that Portland, Oregon, and Los Angeles have organized similar clubs.

## Domestic Caribou Planned in Alaska

FAIRBANKS, Alaska, June 6.—Fairbanks residents now living on the north fork of the Big Chena river next fall plan to experiment in domesticating the wild Alaska caribou.

The north fork of this river has been a natural feeding ground for the caribou for years, and it is understood government permission has been given for the men to take into captivity twenty-five young caribou for their experiment. High cornals will be built to house and supply shipped in. Should the experiment prove successful, Alaskans try which will provide an abundance of fresh meat for the interior, as well as choice carcasses for export.

## \$20 a Month Raise for School Teachers

STOCKTON, June 6.—An increase of \$20 a year or \$20 a month is to be paid the school teachers of this city. The board of education will so recommend to the board of supervisors and the latter will provide for the amount needed above that which is provided by the State of California law. Both elementary and high school teachers will secure a flat increase irrespective of their present pay.

## Loss to Stockton Paper Plant \$30,000

STOCKTON, June 6.—Officials of the Stockton Paper Products Company estimate the loss from fire that broke out at the local plant last night at \$30,000. Prompt work of the fire department saved the big shipping sheds.

## S. F. Nurse Given Medal of Merit

ATHENS, June 6.—King Alexander today conferred the medal of military merit on a number of Red Cross nurses for their work in fighting the typhus epidemic in Macedonia. Among them is Miss Isabel Martin of San Francisco.

**BEATS ROAD ON BIRTHDAY.**—OKLAHOMA CITY, Okla., June 6.—The very first day of her life Senora Beatrice Moore, who is being illustrated out of a fire. The senora was born on a train en route from Norman, Okla., to this city.

## FORM LEAGUE TO PROTECT TEETOTALER

WASHINGTON, June 6.—The Anti-Saloon League of Nations, with aims of making the world safe for the teetotaler, will be organized here. The American Anti-Saloon League is the sponsor.

A covenant has been framed by a special committee for the international organization for submission to the American League convention today.

Plans are for all nations, large and small, to have an equal representation, but it is admitted that the United States, being the dominant prohibition power, probably will be in control. The "secretariat" is expected to be located at Washington. A special foreign relations committee of the "league" is provided, with James A. White of Columbus as chairman.

**HUNS HAVEN'T JOINED.**—Germany has not yet applied for admission to the "league," but other countries that will have charter members besides the United States are Canada, Mexico, France, Ireland, Italy, Great Britain, Scotland, Japan, New Zealand and Australia.

The "call of countries," arranged to give official representatives from foreign countries an opportunity to report on temperance conditions was completed at a closed meeting of the committee on the league constitution last night and the views submitted it was officially announced today, "were such as to strongly sustain the plan for a world-wide organization."

**W. J. BRYAN A LEADER.**—William Jennings Bryan will address a mass meeting here Sunday on behalf of the league and will then start a tour of the South and Southwest in support of the world movement.

Longyear declared the bill was "dangerous."

Nominations for officers were made as follows: Charles E. Longyear, vice-president of the Farmers' and Merchants' Savings Bank of Oakland, president; F. O. Cooke, treasurer of the Mercantile National Bank of New York, secretary; Frederick H. Colburn of San Francisco, secretary.

At the trust section conference, R. M. Sims, trust officer of the Mercantile Trust Company of San Francisco, spoke on "The Relation of Trust Companies and the California Bar."

**Trade Problems Are Studied in Hawaii.**—HONOLULU, T. H., June 6.—The College of Hawaii, soon to become a university as the result of legislation enacted by the recent territorial legislature, is planning to establish a college of commerce, organized with a curriculum designed to equip young men and women of all Pacific countries for a part in the solution of Pan-Pacific trade problems. Chinese, Japanese, Russian and Spanish and commercial law, trade customs, transportation methods, port regulations and land development, will be among the courses.

# REPORT SAYS TEACHERS ARE ALL IN DEBT

School teachers of Oakland are going into debt \$20 a month to meet rising cost of living, according to a report which was submitted to the Superintendent of Schools by M. Hunter by George J. Hunter, president of the High School Teachers' Club. The document states that the teachers cannot live in plain comfort or maintain a decent standard of living on their present salaries.

The report is based upon an investigation made by a committee of high school teachers in which 626 out of the city's 1200 instructors were chosen at random for a questionnaire. The returns cover high, intermediate, grammar, elementary, commercial, industrial and music teachers.

The 626 men and women questioned, reported 429 dependents. Forty-seven per cent of the elementary teachers have been obliged to take up outside work. Among other classes 49 per cent do outside work to get by. Only 6 per cent are able to live within their salaries.

How the purchasing power of the dollar has decreased to 60 cents today as compared to 1914, and how a salary of \$2000 today is worth but three-fifths as much as it was five years ago is pointed out.

Charts setting forth remuneration of unskilled labor and salaries of teachers are on file.

The statistics have been gathered and used in the plea of the Alameda County Educational Association for increased salaries for instructors which will be made to the board of supervisors.

## Japanese Reprieved in Gallows' Shadow

SACRAMENTO, June 6.—R. J. Jorizawa, sentenced to hang June 2 at San Quentin penitentiary for the murder of another Japanese at Santa Rosa, was granted a reprieve today until July 13 by Governor Stephens, in order to permit investigation of new evidence, which, it was claimed would be presented in Jorizawa's behalf.

The sentence of Gale Bandy to two years in San Quentin for the murder of an automobile in San Francisco, was commuted by the Governor to expire forthwith. A technical error had deprived Bandy of parole, but the Governor's office, it was said, had served fifteen months.

## Railroad is Refused Discontinuance Plea

SAN FRANCISCO, June 6.—After careful consideration of all the evidence we are of the opinion that this proceeding does not justify an order granting the petition for discontinuance of the service on its Lee Street local line. This is the language of the Railroad Commission today in the case of the T. & N. P. Railroad.

## Demand Probe of U. S. Copper Selling

WASHINGTON, June 6.—Demands for an investigation of the War Department's sale of its surplus copper, amounting to 100,000 pounds, were made today by several members of the House military affairs committee. Reports have reached the committee that the War Department's selling is resulting in a small ring of copper interests completely controlling the production of this metal. Chairman Ahn stated.

## Tariff Revision Up for Early Hearing

WASHINGTON, June 6.—First steps toward drafting tariff legislation will be begun Thursday by the House Ways and Means committee, chairman Fordney announcing today that the hearings will be started in a few days to determine what legislation is necessary to protect the American dye industry that sprung up during the war. He said a separate measure relating to the tariff on dyes would be drafted by the committee.

## Tries to Board Train; May Lose Right Leg

Struck by a Southern Pacific train, Wade of the Majestic hotel at 1515 Broadway, was taken to the emergency hospital late last night suffering from a crushed right leg. Amputation will probably be necessary. He was picked up at Seventh and Center streets after attempting to board the roundabout train in charge of Conductor H. Dryden and Engineer P. Butler.

## Taylor's Case is Set for July 15

John C. Taylor, one-time Socialist candidate for mayor of Oakland and secretary of the California Socialist party, charged with violating the California syndicalism law, will be arraigned July 15. The examination was set for July 15, but when the case was called this morning Judge Muelkens continued it until the outcome of a case now under consideration in San Francisco which will be decided as a test case.

## Women of '61-'65 to Hold Annual Picnic

The Women and Girls of '61-'65 will hold their annual picnic tomorrow in Mosswood park. The picnic will be an all-day affair and is open to all persons having affiliations with the events of the Civil War period attend.

## Fire-Eaters Wilson; JAILED

CHICAGO, June 6.—George Markell was held under \$10,000 bonds for charges of making threats against President Wilson. He is the husband of Lucy Parsons, whose first husband, Albert Parsons, was hanged as one of the anarchists in the Haymarket riot many years ago.

# Legion Ready to Fight Bolshevism Threat Arouses Former Soldiers

Aroused by the threatening letter received yesterday, the executive committee of the American Legion, an organization of returned soldiers, met today in the Oakland City Hall and adopted the following resolution announcing their stand against Bolshevism and any other organization not working in harmony with the United States government.

The resolution intended to quiet any doubt in the minds of the Oakland people as to how the soldiers stand on the question of allegiance to law and order, and in direct defiance to the challenge announced in the L. W. W. letter sent yesterday to the American Legion headquarters.

As one of the members of the committee said today: "We did not hesitate to fight once or to fight now. We are not members of the American Legion, and it is ridiculous to think that an organization noted for its cowardly policies and deeds can intimidate or scare us."

As announced in the resolution, the soldiers intend to hold a demonstration that will show without any question the readiness of every returned soldier in Oakland to respond to a call for volunteers to be ever made to quell a radical riot or reign of terror.

Whereas, there is a letter recently sent to the American Legion of this city an anonymous communication warning and threatening said organization in a manner similar to those that have been received by other organizations, and whereas, the American Legion is a patriotic organization and its members are individuals and by certain de-

## Will Improve County Hospital Funds Are Assured by Supervisors

Members of the Board of Supervisors spent yesterday afternoon in consultation with Hospital Superintendent R. G. Brodick at the county hospital going over plans for the improvement of the institution to make it serve until the new \$3,500,000 institution is built. The supervisors today announced their approval of the plans and that the finances, amounting to something like \$25,000, will be provided in the next budget.

Superintendent Brodick desires to renovate the entire institution, improve the plumbing, painting, roofing and arrangement of the buildings. He desires to move the tuberculosis ward to the new building to secure greater privacy for the patients, and so to group the buildings as to greatly facilitate service. The plan then executed will improve the appearance of the infirmary and increase the comfort of the patients. A new service building is deemed necessary, but it is thought the present one can be so remodeled as to make it serviceable.

It is estimated that the present infirmary will be required for substantially ten years. The construction plans for the new hospital contemplate five years for building, paying \$1,000,000 a year, and the appropriation without a bond issue, and it is expected that the units will be occupied by their capacity as fast as they are finished, so that there will be a continuous and increasing demand for the maintenance of the old infirmary.

At the present time there are a number of advanced cases of tuberculosis in the infirmary. Dr. Brodick desires to remove to the old infirmary in order to make room for incipient cases. But there is no available room in the old infirmary.

## SOLDIERS FILL JOBS LISTED BY COMMERCE BODY

How the Manufacturers' Bureau of the Oakland Chamber of Commerce is helping the soldier to get back to the job was made public today, following a report to the organization last night on the activities in this district.

The report shows that manufacturers and other employers made requests for 459 men, of whom 243 were skilled, 125 unskilled and 92 in industry. The requests were turned over to Colonel H. M. Smith, in charge of the community placement bureau, 818 Broadway.

The colonel reports more than 25 returned soldiers placed, but he still has more jobs than men. As showing a wide range of manufacturing and industry in the Oakland district, the requests for skilled men covered the following crafts: Glass workers, bakers, airplane engine mechanics, marine firemen, watchmakers, laundrymen, casket makers, truckers, drapery, carpet layers, furniture finishers, upholsterers, sign painters, molders, core makers, pattern makers, box makers and sawyers.

## DR. EQUI WITH WILSON, SAYS HER ATTORNEY

SAN FRANCISCO, June 6.—That President Wilson owed his re-election to his pacifism was one of the arguments used by Attorney James E. Panton in his appeal for a reversal of a sentence in the lower court given his client, Dr. Marie Equi, of Portland, charged with violating the espionage act, in the United States Circuit Court of Appeals today.

Attorney Panton said that Dr. Equi had made certain addresses at L. W. W. meetings, of which she was a member, before the espionage act became a fact, and that she was but one of many with President Wilson who was against the entrance of the United States into the war with Germany.

Dr. Equi, who is appealing from a two-year term and \$500 fine imposed by Federal Judge Dean, Portland, was in court today surrounded by women from Alameda county, who have appeared at the trials of Mooney, Daniel O'Connell and Alva Thordora Pollitt.

## CALIFORNIA TO PAY HOMAGE ON BOY SCOUT WEEK

SACRAMENTO, June 6.—A proclamation supporting the annual observance of President Wilson for observance of June 8 to June 11 as Boy Scout Week, was issued today by Governor Stephens.

"I appeal to the citizens of this state to co-operate in an effort to strengthen and enlarge the organization which rendered great service during the world war," the proclamation said.

\$2500 Income Need of Family, Is Held

WASHINGTON, June 6.—A year's study by the department of labor of living conditions in the United States shows that salaried family men, of the \$2500 class or less, find saving difficult. The tabulations show that many families can show a surplus of only \$50 at the end of the year and that most show a deficit.

Meantime the cost of living still is soaring. Retail prices of twenty-two articles of food advanced an average of 2 per cent in March as compared with February. March, 1919, compared with March, 1918, shows an increase of 13 per cent.

The investigation shows that approximately 20 per cent of the total income is all that the "average family" has left after making necessary expenditures for food, clothing, rent, light, heat and furniture. Out of this 20 per cent, plus must come all costs of medical attendance, amusements, entertainments, donations to churches, education and miscellaneous expenses.

The average American family spends 40 per cent of its income for food, according to the government figures. Clothes take about 15 per cent, rent approximately 14 per cent, fuel and light 5 per cent, and furniture about the same.

## TRINITY BEDS ENDORSED

FRANKFORT, Ky., June 6.—Twin beds received the emphatic endorsement of the Kentucky Court of Appeals when Judge Settle wrote his opinion in the divorce case of Emma Burton against Alfred Burton. The court ruled that he was not entitled to a divorce on the ground of abandonment because the couple occupied twin beds.

# MILE-MINUTE SHIPS COMING, SAYS DANIELS

ANNAPOLIS, Md., June 6.—Predicting mile-a-minute battleships and 200-miles-an-hour transatlantic airplanes, Secretary of the Navy Daniels today told the graduating class of the naval academy here that the navy must not be allowed to stand still because the war is over.

"All your force and energies are needed, for we are determined that the navy shall not, as it did before the Spanish-American war, mark time for a decade," Daniels said. Daniels reviewed the transatlantic flight, the speedy repair of the partly wrecked interned German ships, the firing of the 14-inch guns on the western front, and the laying of the North sea mine barrage, all of which, he said, were navy achievements.

"Some day some man will design a mile-a-minute ship and I hope it will be a naval constructor who will go it," Daniels said. He reiterated previous statements that the new Mexico, the big oil burning battleship, was an entire success, despite predictions to the contrary. Daniels made public a confidential communication sent to all naval officers at the beginning of the war by the chief of the bureau of naval construction, suggesting for improving the navy.

"This was perhaps the first time that designs and drawings were requested to make suggestions of any character," Daniels said. "The same invitation still stands."

## UNITED R. R. RUNNING BEHIND \$500,000 YEARLY

That the United Railroad in San Francisco is losing money at the rate of \$500,000 a year is the claim set forth in the annual report for the year 1918, just filed with the State Railroad Commission. The figures submitted show a total deficit up to the end of 1918 of \$1,120,384.83, as compared with \$708,410.40 at the end of 1917, an additional loss for the year of \$411,974.43.

The gross income of the corporation is slightly on the increase. For the last three years this amount has been \$1,916,291; 1917, \$2,260,000; 1918, \$2,616,572. This income, however, is reduced by taxes and interest on the funded and unfunded debt, to a net income for 1918 of \$221,185.10.

Much of the deficit is due to the increased cost of fuel, 10 per cent. United Railroad general mortgage bonds, amounting to \$1,000,000 annually, which has not been paid since 1915.

## Creator of Luna Park and Toyland is Dead

NEW YORK, June 6.—Frederick Thompson, theatrical manager and known throughout the country as the creator of Luna Park, Coney Island, and Toyland at the San Francisco Exposition, died today. Thompson accumulated a fortune in various amusement ventures, including the Hippodrome in this city. He lost heavily in promoting the Toyland concession at the Panama-Pacific Exposition.

## Resolution Would Reduce Wheat Price

WASHINGTON, June 6.—Legislation abolishing the food administration and requiring the department of agriculture to "reduce the price of wheat to a level based on the law of supply and demand" on world markets, the United States government today introduced in the House a resolution introduced in the House this afternoon by Representative Fitzgerald of Massachusetts.

# BERRY MARKET IS EXCELLENT

Strawberries are plentiful in the local wholesale market and are reported normal, notwithstanding high prices. The best grade of strawberries commands \$14 a chest, and less select stock is selling for \$10 a chest. The first strawberries of the season to reach the local market sold for \$23 a chest, but prices declined rapidly for a time until the best berries brought only \$12 a chest. Since that figure was reached there has never been a change of more than \$3 a chest.

According to commission merchants, growers of this and adjacent counties have abundant crops of strawberries and experience no difficulty in disposing of them at fancy prices. Unusually large quantities of strawberries are being bought up by canners this season, according to reports, and growers are receiving as much as 10 cents a pound from canners for the berries in the fields.

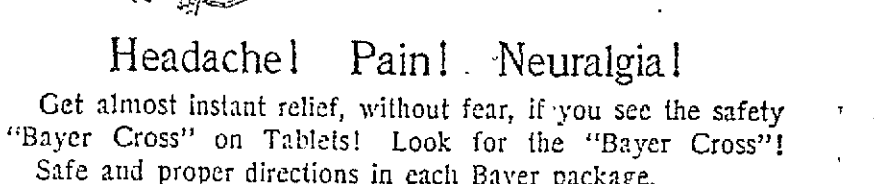

Strawberries are just as plentiful in the local market, commission men say, as they are at this season of the year, and they are selling just as readily as they have in previous years. Commission merchants say that it is difficult at present to say just what changes, if any, will occur in the price of strawberries within the next few weeks. If the demand continues strong and keen competitive buying among large quantities of strawberries will remain high, according to handlers, but with a slackening in the demand there is certain to be a sharp decline, they say.

## TRINITY DANCE TONIGHT

RICHMOND, June 6.—Trinity Episcopal church will give a jolly dancing party tonight at the Richmond club house. A number of invitations have been sent out for the affair.

# U. S. to Pay Deficit of New York Central Henry Ford's Libel Evidence is All In

NEW YORK, June 6.—Net income from operations of the New York Central railroad in 1918 fell several million dollars short of the amount guaranteed by the road under the federal control agreement, according to the annual report issued today.

## SAVE SHIP INDUSTRY, IS PLEA WIRED

California's prosperity and its solution of the unemployment problem depends on the continuation of the shipbuilding business, H. C. Capwell, president of the Oakland Chamber of Commerce, wired California Congressmen and Senators this morning.

Capwell's telegram was sent in response to advice from Washington that United States Shipping Board officials were inclined to hedge local shipbuilding around with such regulations as would prove a detriment to the business.

The telegram was sent to Senators Philbin and Johnson and Congressmen Elston of Berkeley, Clarence F. Lea of Santa Rosa, Henry D. Osborne of Los Angeles and William Kettner of San Diego. They are urged to help in securing the reinstatement of cancelled contracts or a sufficient amount in new contracts to offset any cancellations.

The telegram to Congressman Elston, which expresses President Capwell's stand in his wires to the other Californians in Congress, reads:

"California cannot hope for continued prosperity nor for relief with the unemployment problem which will confront her unless funds be provided by Congress for carrying out original shipbuilding program or some substitute arrangement enabling plants to operate under existing material prices and labor costs. We appeal to you to continue your splendid efforts to secure reinstatement of cancelled contracts or an adequate share of new contracts to keep yards working to capacity."

"H. C. CAPWELL,  
President Oakland Chamber of Commerce."

### \$46,000 Verdict for Death of Husband

OXNARD, Cal., June 6.—Mrs. Thomas F. McLaughlin of Oxnard has been granted a verdict of \$46,000 in the superior court at Ventura against the California Edison Company for the death of her husband. McLaughlin was electrocuted on his ranch while climbing a wire fence to go to the assistance of a cow which had been hit by a live wire. The plaintiff contended that the fallen power wire of the Edison company had charge d'he fence with a high voltage. The company admitted responsibility, but made the defense that, as McLaughlin was wealthy the widow did not need damages.

### HJELTE PUPILS' RECITAL

Pupils of Miss Esther Hjelite, assisted by Miss Alice Davies Endries, violinist, will give a recital this evening at Elbell Hall. Miss Hjelite was a pupil of Hugo Marfeldt. The young pianists under her tutelage who will play this evening are Olga Frey, Evelyn Rosenberg, Beatrice Wilson, Muriel Friberg, Pearl Blake and Inez Sutherland.

## Russia Totters Under Bolshevik Rule Plenty of Food, But Many Starving Economic Planks Are Weakest Part

The third of the series of despatches from Frank J. Taylor, describing conditions in Russia, based on personal observation, follows:

By FRANK J. TAYLOR,  
United Press Staff Correspondent.  
(Copyright, 1919, by the United Press.)

PARIS, June 5.—The economic planks in the Bolshevik platform appear to be the weakest part of the Soviet structure.

Rebuilding Russia is almost a superhuman problem. Even the Bolsheviks are beginning to wonder if it can be done through Bolshevism. They are also beginning to realize that Bolshevik stands or falls with the results of their economic experiments, since communism has made everyone dependent upon the state for livelihood. The Bolsheviks have voluntarily shouldered the enormous task of feeding, clothing and financing every one in Russia. So far, they have been able to meet the doubters with the statement:

"We have had no chance to develop the economic phases of communism owing to political and military opposition."

FINANCIAL MARATHON ON  
Soviet Russia is in the throes of a race between the money run off the printing presses and the increase of prices and wages. By confiscating all the bourgeoisie's printing presses the Bolsheviks have kept pace and they have increased wages almost monthly to meet the rising cost of living.

Everyone has begun to wonder if this financial marathon can be stopped short of an actual collapse. The peasants have become skeptical and refuse to sell food for rubles, which the Bolsheviks print in huge pages like postage stamps. A number of times I have seen a commissary reach into a desk drawer, pull out a square yard of rubles and hand it to some one, who would tear off a strip of a dozen or more without bothering to separate the individual 20-ruble pieces. Strings like stamps are carried by everyone.

Stimulating factory production and replacing individual initiative is a problem that bothers the Bolsheviks. It is not difficult to take over a number of factories and run them by means of soviets, but establishing new industries is another matter. The new supreme economic mission has been appointed in an effort to stimulate industry and replace capitalist initiative. So far its accomplishments have been confined to planning.

### GREATEST TEST TO COME

The greatest test of Bolshevism will come when their army is demobilized, necessitating their coping with an enormous unemployed problem. They are offering concessions to induce capitalists, foreign preferred, to build up the railways and new industries, which the state would take over at the end of a number of years. But they want the capitalists to grant the same labor conditions as the nationalized industries, where the working day has been reduced to six or eight hours and wages are decided by the unions. The capitalists declare it is impossible to meet these conditions since the state makes up the deficits under which the communized interests are operating.

Getting food to the industrial cen-

ters is a difficult problem, owing to the shortage of locomotives, which is due to military demands.

There is plenty of food in Russia. Villages are overstocked, while Petrograd and Moscow are starving. Rations—though money buys anything, at exorbitant prices, from the street markets, which the Bolsheviks no longer seek to control. The government sells a limited amount of food to these co-operative markets, recognizing three official categories: Full rations for manual laborers; Full rations for office workers and hunger rations for the bourgeoisie. Everyone is obliged to patronize these open markets.

### PRICES IN PETROGRAD

"When I was in Petrograd recently these prices were quoted to me. White flour, 200 rubles a pound. Butter, 200 rubles a pound. Sugar, 250 rubles a pound. Bread, 80 rubles a pound. Potatoes, 25 rubles a pound. The average workman's wages are 80 rubles a day. With four-fifths of the factories idle, railroads in disrepair, buildings run down and nobody taking a personal interest in anything, rebuilding Russia is almost a hopeless problem, even for the idealist Bolsheviks."

### Austria's President Sadly Disappointed

VIENNA, June 5 (By the Associated Press).—Before leaving this city for a short sojourn in the country, where he will take a rest, President Zitt said regarding the terms of peace:

"They surely are only provisional. What a terrible disappointment America is for me. This is driving me to despair. The terms are also bad for the allies, as they mean the feeding of Bolshevism. I have no power to enforce such terms upon the population of German Austria and it will be dangerous for the man who signs them."

## TRIBUNE NEWS WEEKLY TO BE SHOWN SUNDAY

The TRIBUNE-KINEMA News Weekly to be shown at the Kinema Theater Sunday next, and which will be continued throughout the week, will be editorially and snappily edited. The TRIBUNE staff will edit the animated newspaper, and in addition to the pictorial section there will be editorial sidelights and snappy mutterings of local interest. The news events will feature the launching of the big concrete ship, the commencement exercises at the University of California, the annual outing of the H. C. Capwell Co. employees, golf finals at Claremont and other news items of interest.

The TRIBUNE-KINEMA News Weekly will afford readers of the TRIBUNE and patrons of the Kinema Theater an opportunity to keep abreast of the times with every happening of any importance in Alameda county. The TRIBUNE staff responsible for the events to be filmed are planning some remarkable novelties in the way of snappy that fans. Arrangements are well under way to have this news weekly screened in other theaters throughout the county so that every soon the TRIBUNE-KINEMA Weekly will be a part of the program offered in all leading theaters in the Eastbay section.

### Change Boundaries to Save Miners Trip

FAIRBANKS, Alaska, June 6.—Boundaries of the Nenana recording precinct have been changed by order of court, giving that precinct more territory. The change is considered advantageous to miners, who will not be compelled to make the lengthy journey to Fairbanks to record their papers.

### NO TIPS FROM HUNS; HOTEL TO ADVANCE PRICE

VERSAILLES, June 6.—Because the servants employed at the Hotel Des Reservoirs here, where the German peace delegation is quartered, have refused to accept tips from the members of the delegation, the hotel management has announced that it has been compelled to advance prices 10 per cent in order to increase the employees' wages.

### GIRL DRIVES TWO THIEVES FROM HOME

SAN LEANDRO, June 6.—Miss Tena Marine, making her home with Mrs. K. Holshouser, 276 Estudillo avenue, proved the heroine in the attempted robbery of the Holshouser residence when she faced two early morning intruders and put them to flight. Grown overbold with their successful robbery in the house adjoining, when the \$250 in currency, a gold watch valued at \$75 and \$40 lengthy journey to Fairbanks to record their papers.

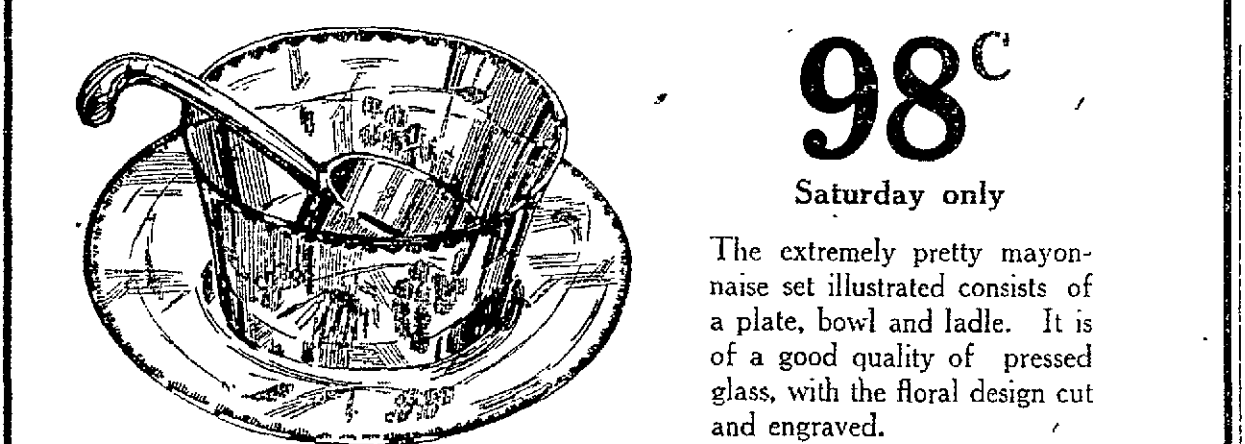

### Fish Are Killed by Volcano Under Sea

JUNEAU, Alaska, June 6.—Belief that an undersea volcanic eruption probably occurred recently on the Inside Passage was expressed here when word was received that hundreds of dead fish were found floating on the water.

### \$1600 in Bank; Buried in the Potters' Field

Public Administrator J. A. Hill has applied for letters of administration in the estate of James Begley, who died recently at the County Infirmary and was buried in the Potters' field. It has been found by the public administrator that the deceased left an estate consisting of \$1600 in bank. He was taken to the hospital unconscious and died in the garden. When they entered the house she faced them and they fled. A good description has been furnished the police.

# The verdict of experts on evaporated milk!

Read what a recent Government bulletin says! Why a well known cooking expert prefers it! What a clubwoman writes, a famous chef.....

A recent government bulletin declared evaporated milk more digestible than raw or even pasteurized milk

Cooking experts are enthusiastic about the results Libby's Milk gives in cooking

Clubwomen, and other housewives who are keenly interested in better homekeeping methods, endorse Libby's Milk

Cooking schools use Libby's Milk in working out appetizing new recipes

**W**HY do people use so much evaporated milk? More than a billion pounds of canned milk were produced in the U. S. last year! Why is this? Is it because this modern form of milk gives better results in cooking? Because of its convenience and economy? Because it is safer for children?

Housewives are interested in these questions. And they are hearing more and more about evaporated milk. They are learning more and more about its uses, its many advantages.

But what do the experts say?

**"Delighted with added richness," writes Mrs. Coates**

Mrs. Harriet Ellsworth Coates, widely known to readers of the Ladies' Home Journal and other magazines as an expert practical cook and an authority on all cooking questions, prefers Libby's Milk—finds it superior and economical. She says: "Few housewives know what a difference the milk they use can make in cooking—milks vary so in purity, in richness, in flavor. When I first used Libby's Milk I was delighted at the added richness, greater smoothness and finer flavor it gave to soups, creamed meats, cocoa and puddings. But it was only when I used Libby's Milk in coffee that I fully appreciated it. It gives coffee a delightful flavor; much more character. I understood at once why so many people prefer it to any other cream or milk for coffee."

**As a baby food—what a prominent clubwoman says**

The President of the Housewives' League of New Orleans, Mrs. Inez MacMartin Myers, writes: "I firmly advocate giving pure condensed milks to young babies when mother's milk cannot be had—and believe it even preferable to cow's milk, unless the source of production and sanitary conditions are assured." Mrs. Myers also says: "Knowing

all Libby products to be unusually good, I do not hesitate to recommend the use of Libby's Milk to other housewives."

**From the most celebrated cooking school in the United States**

From Miss Alice Bradley, principal of Miss Farmer's School of Cookery (the famous "Boston Cooking School"), comes the statement that "evaporated milk has lost none of its nutritive qualities and may be used in place of fresh milk. A half pound of canned milk for each adult member of the family and a pound can for each child, diluted with an equal quantity of water, is none too much to use on the table and for cooking purposes, each day."

**A necessity of every cuisine, is the opinion of a world-famous chef**

Victor, world-famous maitre de cuisine of the St. Francis Hotel in San Francisco, says: "In my home I always use evaporated milk in preference to fresh milk. I consider it a necessity of every cuisine. No home, restaurant, club or hotel should be without it. Libby's Milk is as good a milk as can be produced. It is a perfect substitute on this market for fresh milk, and better for many purposes."

**More digestible, says a government bulletin**

Read the report of an expert, published in a recent government bulletin: "It (evaporated milk) resembles... boiled milk, and, like it, is superior in point of sterility and also in digestibility to pasteurized milk." This report

(number 4 in the Care of Children Series, issued by the Children's Bureau of the U. S. Dept. of Labor) goes on to say that this is because the digestibility of both the fat and casein is probably increased by the exposure of the milk to high temperature in processing.

## What Libby's Milk is

Libby's Milk is a fine, pure milk—from dairying sections that have become famous for their rich milk and cream.

Half the moisture has been evaporated from it, but nothing added, nothing else removed.

It keeps sweet and pure indefinitely, is always on hand when you want it. A convenience and economy you will appreciate—particularly this summer, when ice is so scarce!

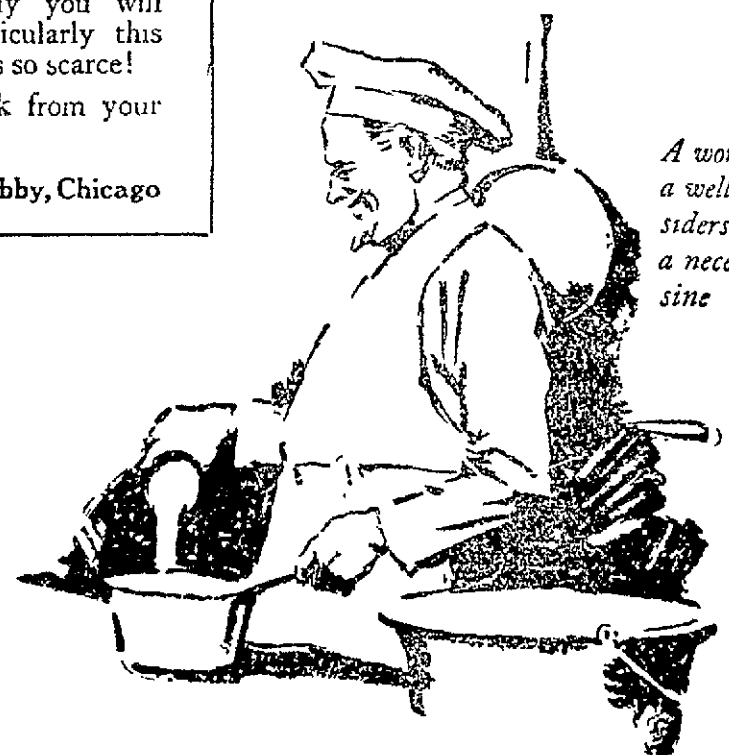

Order Libby's Milk from your grocer today!

Libby, McNeill & Libby, Chicago

California

A world-famous chef of a well-known hotel considers evaporated milk a necessity of every cuisine

# TRANSPORTS DOCK; 10,925 HEROES HOME

NEW YORK, June 6.—Seven transports, bearing 10,925 veterans of the war, arrived in New York harbor and docked in quick succession this morning. Among the homecoming troops were units of the 4th division, made up of Texas and Oklahoma national army men and the last of the 88th division, from the middle west.

**WAVE BRIDES ABOARD.**  
Among the 23 casual officers aboard the Von Steuben was Colonel Percy L. Jones of Cedarhurst, N. Y., who brought back a legion of honor, cross de guerre and French medal of honor.

The Madawaska brought eleven brides, including Mrs. Tula Buckner, wife of Sergeant Buckner, of the headquarters staff. Mrs. Buckner was formerly Miss E. Gilman of Youngstown, O. She went aboard as a war relief worker and met the sergeant, whom she had known in the United States, in Northern France.

The Santa Ana, bringing the headquarters troop of the 78th division, the 86th engineers, headquarters and medical detachments; the Durand, with units of the 320th infantry and the 10th cavalry, with cavalry, arrived a few minutes later. The Pretoria, with units of the 144th infantry and 72nd infantry brigade headquarters of the 35th division, followed her.

**LATE RUN LINER LEADS.**  
The Pannosia carried two transportation companies and the 27th field signal battalion.

The Britannia brought the 540th engineers, service battalion. The transport Von Steuben, former German liner, led the fleet with the 514th engineer service battalion, 144th infantry (28th division) machine gun company, and the 523d engineers.

The Madawaska followed the Von Steuben, bringing units of the 313th engineers of the 8th division under command of Colonel E. P. Howell. Another unit was the 343d machine gun battalion, headquarters, detachment, medical, ordnance and dental attachments, 34th division, including some Arizona troops. Among the officers was Brigadier-General Henry W. Butler, commander of the 165th field artillery brigade, 90th division.

**9000 MORE TROOPS COMING.**  
BOSTON, June 6.—Five transports bringing nearly 9000 troops are expected to reach this port within the next few days. The bat-

## SWIMMIN' HOLE IS RAIDED—18 BOYS ARRESTED

SAN JOSE, June 6.—Eighteen boys, accused of swimming in the Coyote creek in violation of the city ordinance which forbids the public appearance of human beings in the nude, faced the juvenile court today and were given a sound lecture. The police made a strategic encircling movement on the eighteen while they were "cooling off" in a large pool and before the startled boys were aware of the situation the police had carried all of their clothing into the police patrol wagon. There wasn't a single barrel handy so the boys, after a short consultation, surrendered unconditionally. Neighbors complained that swimming in the nude was not the only offense of "crazy" for fruit trees in the neighborhood had been robbed.

## Demand for Rural Work Exceeds Supply

Calls for workers on ranches and farms of Alameda, Contra Costa and San Francisco counties are coming into the public employment office of San Francisco and Oakland faster than they can be supplied, according to E. E. Sexton, superintendent of the California state employment bureau. Employment service is also maintained by the Alameda county farm bureau in Hayward, where men desiring ranch positions may apply. Hay and fruit and berry picking seasons are in full swing now and men securing positions can be assured of work during the whole summer, says Sexton.

## Delinquent Tax Sale Set for End of June

Delinquent taxes in the amount of \$210,424.33, according to a report made today by County Auditor E. F. Garrison, will have to be paid before the end of June or the property on which the tax is levied will be automatically sold to the state. The taxes became delinquent on the first Monday in May. The total tax for the county is \$4,999,933.77 and the delinquency amounts to 4.3 per cent.

**DEALER ENDS LIFE.**  
LOS ANGELES, June 6.—Joseph Baker, 42, a produce merchant and former resident of San Francisco, committed suicide here by hanging himself at his home. Worry over financial matters was assigned as the reason.

If you saw it in THE TRIBUNE, tell them so. Thank you.

## SHOE DEALERS TO BE ENTERTAINED

SAN JOSE, June 6.—Plans for the entertainment of the shoe dealers of the Pacific Coast when they attend their annual convention here June 9 to 12 inclusive, were announced today by Henry Hoff of this city, who was chiefly instrumental in bringing the convention to San Jose.

"Beyond a doubt," he stated, "this will be the most effective convention ever held. Our program is second to none."

We have secured several noted speakers and we intend to give the delegates the time of their lives. Monday, the 9th, will be taken up by business, but on Tuesday, the 10th, we will cut loose for dear life. The delegates will be treated to a barbecue at Alum Rock, and the day will be spent in games and a general good time. Wednesday evening, the 11th, we will give a banquet at the Hotel Vendome. David Starr Jordan, president emeritus of Stanford University, will give an address on the "League of Nations."

Thursday, the last day, will witness several reels of motion pictures relating to the life and history of the shoe from the beginning to the present. This film is a wonder and we have J. O'Connell of the United Shoe Machinery men of Boston, Mass., to thank for the pleasure of witnessing this picture. Mr. O'Connell made the film especially to show this picture to the delegates.

"Matters of grave concern to the shoe dealers will be taken up during meetings. The most important are the national shoe problem, advertising, store system, leather companies and the successful competition of the small stores in the country towns against the large city stores, and—this is a convention is going to be one of the first that was ever held in this country that did not cost the city anything. That is something to rave about."

**DEALER ENDS LIFE.**  
LOS ANGELES, June 6.—Joseph Baker, 42, a produce merchant and former resident of San Francisco, committed suicide here by hanging himself at his home. Worry over financial matters was assigned as the reason.

June 11.—With 12th, 51st, 163d, 165th and 223d Aero Squadrons; 41st, 42d, 43d, 71st and 50th Transportation Companies; Veterinary Hospital No. 2. June 12.—With 6th Division headquarters and headquarters troop; 54th Infantry and headquarters 12th Infantry Brigade; 11th Field Artillery; 6th Field Battalion, Amphibious, Newport News, Va. June 13.—With field and staff, 1st, 2d and 3d Battalion, headquarters, ordnance and medical detachments; headquarters and supply companies, Batteries A to F, 115d Field Artillery; Base Hospital No. 51; Company A, 201st Engineers; 12th and 14th Companies, 3d Regiment air service mechanics; headquarters, ambulance companies, 321st, 223d, 260th sanitary train.

Alaska, New York, June 11.—With headquarters, detachment and troop of 4th Army Corps, 2d Battalion headquarters; medical detachment, train headquarters, Companies A to F, 315th Engineers.

Florida, New York, June 15.—With 360th Service Park; field and staff, medical detachment, headquarters company, Battery B 148th Field Artillery; headquarters, detachments, Companies A to D, 509th Engineers.

Perless, New York, June 14.—With headquarters, 65th Field Artillery Brigade, field and staff, medical, ordnance and supply detachments, headquarters company and Batteries A to F, 148th Field Artillery; supply company, ordnance detachment and Batteries A to D, 148th Field Artillery.

Santa Maria, New York, June 14.—With field and staff, sanitary, ordnance and headquarters detachments, Companies A to F, 360th Engineers and train.

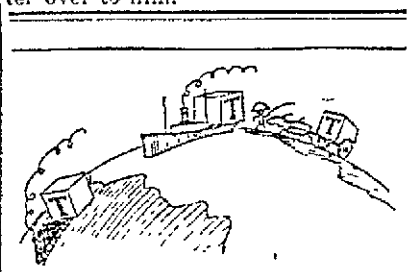

If you saw it in THE TRIBUNE, tell them so. Thank you.

## Airplane Hits Auto While Making Landing

OMAHA, Neb., June 6.—An airplane, piloted by C. P. Mueller of San Antonio, which stopped here last night on its way from Chicago to Denver, was wrecked when it struck an automobile while attempting a landing. Mueller was shaken up but not injured.

## Mother Ruined by War Seeks Son Here

Destitute as a result of the war, Mrs. Anna MacMillan, of 7 Harper street, Belfast, Ireland, has written the Oakland police for aid in locating her son, John, who, she writes, left home when a boy and who, if found, she thinks may be able to help her. The police are seeking MacMillan to turn his mother's letter over to him.

The cost of getting common tea from the tea-plant to you is twice the tea-garden cost of the tea. Is it worth your while to pay this heavy cost and get poor weak tea-flavor and a lot of tannin?

Don't you see now why Schilling Tea costs less per cup than common tea? It costs no more to get it to you than common tea, and it has an abundance of fine tea-flavor.

There are four flavors of Schilling Tea—Japan, Ceylon, India, Oolong, English Breakfast. All one quality. In parchment-lined moisture-proof packages. At process every where.

OAKS OCCUPY SECOND PLACE IN COAST LEAGUE FLAG RACE

INVITATION TOURNAMENT AT CLAREMONT COUNTRY CLUB BRINGS OUT BEST GOLFERS

CASEY SMITH GIVES A FINE IMITATION OF THE WILDEST PITCHER IN CAPTIVITY

Charlie Graham and Jim Scott Chased to the Clubhouse; Bedford Challenges World

By BOB SHAND

The Angels are still seething and it is up to somebody to put a crimp in their winning record or the race will be over before the month is out. The men from the south hammered the Oaks again yesterday, winning by a score of 4 to 3 at the level of the Oaks again yesterday. The Oaks really have been making it bad pitching, but the Seraphs won the ball game, making it three in a row, which is the principal thing. With the Oaks winning down south local fans have something to cheer about but still the Angels are stepping right along in high gear and it will take more than a few Oakland victories to catch up with the flying leaders.

The Angels grabbed all their six places in the fifth frame yesterday when Casey Smith acted wilder than any man that ever came out of walks, a wild pitch and a hit batter helped convince Manager Charlie Graham that Casey was not due to do any good for himself or the club and he was chased to the showers. But the damage had been done and the work of Cressin and Zamlock in the pitcher's box did not do any good for the cause. Casey is still nursing a bad eye and has a new ally for lack of control but the other Seraphs with the exception of Seaton and Captain Jim Scott are also well provided with alibis and have a few ready every time they start.

The Oaks' rooters got a lot of encouragement in the second inning when their pets jumped into a three-run lead. Kerner drove a long one to left but Babe Ruth hit a home run but could not hold and Billy pulled up at second. Singles by Crandall and Connolly and a triple off Willie Kammis but followed and three big failures were chalked up for the Oaks. Kammis' triple was a million, plenty big enough to win the ball game and they also marked the passing of young Mr. Pettie who pitched in the box for the southern crew. But when an Angel pitcher goes down, the Oaks' rooters always have a good one warmed up. Paul Fittery fell for the relief job yesterday and Paul was there a million. The San Francisco relief pitchers as a rule are worse than the bird who left the Oaks' clubhouse yesterday between the Seal and Angel leaving staffs.

Of course the umpires were given another panning and it looked like a good time all around in several innings. The fans and players roared and hused until they could hoo and hiss no longer and then they threw looks of contempt at the official arbiters. Of course the umpires would rather have the customers' thumbs up than the thumbs down. On one occasion after the boys and girls had boomed loud and long while Empire Bedford was trying to announce a change in the line-up, Bedford came walking over and present himself and challenged the world. He did not say anything, but the challenge was the same as he stood for a full half minute glaring into the faces of his tormentors.

Eddie Finney was working on the bases and the Oaks at the same time. His work in the clubhouse caused the departure of Manager Charlie Graham and Pitcher Jim Scott. Graham let loose a terrible belch on a

80,000 People Expected at Toledo Scrap

30,000 Additional Seats Will Be Installed; Boxers Are Training.

TOLEDO, O., June 6.—Fully 80,000 persons will see the Wild-Dempsey fight here, July 4. Tex Rickard announced today that the arena now under construction would be increased in capacity from 50,000 to 80,000 and all of the seats would be expected to be disposed of before the first of next week.

Starting today, Jess Willard will gradually increase his training program. Today was the longest and hardest workout the champion has had since his arrival and from now he will add a little to the work every day.

Willard's sparring partners are working hard to speed up the champion's pace. Although the big fellow carries as much weight as ever in his punch, his movements are not as quick as they might be. To overcome this his sparring partners are forcing him to do more and more footwork.

Mark Miller will be sent home Sunday and taken to a local hospital. President J. Cal Davis shot four telegrams to Manager Howard in an effort to ascertain the seriousness of Miller's injury, but Cal does not know yet how badly the leg is hurt.

Mark Miller will be sent home Sunday and taken to a local hospital. President J. Cal Davis shot four telegrams to Manager Howard in an effort to ascertain the seriousness of Miller's injury, but Cal does not know yet how badly the leg is hurt.

Captain Jim Scott declares he is ready to tip in and win a home game for his team. He is confident that the Oaks' star is cheering at the bit, and that he has a little bit of the world of the umpires last week and his line of chat to Finney yesterday proved that Jim was very sore.

TECHNICAL HIGH AND SAN MATEO TO PLAY

The ball players of Oakland Technical high school will travel to San Mateo tomorrow and put up a battle with the San Mateo high team in hope of annexing for the Northern California high school baseball championship. The local players won the semi-final game last Saturday in defeating Fort Bragg and Johnny Gillespie, who pitched hit, game and allowed only one scratch hit, will be in the line tomorrow.

Will Aid Injured Bushball Player With Benefit Game

The Alameda Grays are playing a great game of baseball and are coming along nicely. They are gaining quite a reputation through their consistent winning and hard hitting. Out of their last eleven starts they have annexed ten victories, the only reverse coming at the hands of the Brown's Best team of San Francisco. But since then the two teams played a return game and the Grays were returned the winners by the score of 4 to 4.

Arrangements are now being made for a return game with the Alameda Grays for the benefit of Care Silva, who suffered a broken arm while sliding into third base when the two teams clashed on Memorial Day. Kien will likely travel to the Grays, with Coachman of Bayuk working for the All-Stars.

KRUVOSKY AND DUNDEE WILL NOT BOX AT BENEFIT SHOW

Knockout Kruvosky and Jimmy Dundee, two of the star boxers scheduled to appear at the War Veterans' benefit at the Coliseum, San Francisco, tonight will be unable to box. The Kruvosky people announced last night that their fighter had been injured in training and would be unable to meet Dundee. Dundee's manager, who was in the city, said that Dundee was hurt in training and would be unable to box.

John Schauer, who is better known here as Johnny Shower, is very anxious to fight with Dundee and his manager, who is in the city, said that Dundee was hurt in training and would be unable to box. Dundee's manager, who was in the city, said that Dundee was hurt in training and would be unable to box.

McNulty is also chaperoning a middleweight named Eimke whom he feels can whip Dundee. Eimke is a local fighter and has been in the local ring for some time. He is a local fighter and has been in the local ring for some time.

TAGGING THE BASES AROUND THE CIRCUIT

Walter McCredie's Beavers made it two straight wins over the Sacramento Coyotes when a homer by Blue in the fourth inning put the Beavers in a 4 to 1 lead. Pennington for the Beavers and Gardner for Sacramento were engaged in a regular pitching battle and Blue lifted the ball over the fence.

Two were out when Blue hit his circuit smash. Blue was the star of the day as it was he who hit a double and later scored in the sixth inning to tie the score three and three.

Pennington deserved the win which he got as he allowed only six hits against Ed Gardner.

Don Rader got two hits and played a speedy game at short for the Beavers.

Two singles and two runs were the contribution to the box score by Walker. The Oaks' pitcher was hit by the Beavers' bats and the Oaks' pitcher was hit by the Beavers' bats.

CORINTHIANS TO SET SAIL FOR VALLEJO

VALLEJO, June 6.—The Corinthian Yacht club of San Francisco will sail for Vallejo today. The club will sail for Vallejo today. The club will sail for Vallejo today.

Two singles and two runs were the contribution to the box score by Walker. The Oaks' pitcher was hit by the Beavers' bats and the Oaks' pitcher was hit by the Beavers' bats.

BLEDSOE IS HOME. VALLEJO, June 6.—Howard Bledsoe, former local ball player who was in the army for twenty months, has returned to this city yesterday. The former Vallejoite wants to play ball here again and it is very likely that he will take up work at the yard shortly and play on Sundays.

Big League Gossip. Babe Ruth skidded his two hundred and some odd pounds at a base and gained a wrenched knee, which will give him hesitation in his base ball efforts for some time.

Eddie Collins hit a home run over first base and under Sam Vick with the bases full, thereby defeating the Yankees 5 to 1.

Walter Johnson was given the usual thrashing in the game, 6 to 1, the Browns being his victims.

Lawton Witt did valiant work with five hits in six at-bats and the Athletics won, 10 to 6, over Cleveland.

Finals Today In Tournament At Claremont

Mrs. Ford and Mrs. Baker Will Contest for the Honors.

Mrs. C. F. Ford and Mrs. T. S. Baker will meet in the finals of the women's golf tournament at the Claremont country club today and one of the best of the local players will be the winner.

Champion Shooter To Appear in Del Monte Tournament

DEL MONTE, June 6.—The American Rifle Association has just issued a registration certificate for the Del Monte tournament which will be held at Del Monte on June 25 and 26. The program for the event has been announced and it will consist of a 150 yard rifle match each day with trophies for the five high shots in each event.

Yacht Moonlight is Ready for Next Perpetual Cup Race

VALLEJO, June 6.—Yacht Moonlight, owned by T. Baker of Vallejo Yacht and Rowing club, will be among the list of boats to compete in the perpetual trophy which is to be held in the lower bay shortly. Dolpers' craft will be the first to start the race.

Mare Island Shops to Have Ball League

VALLEJO, June 6.—Mare Island is going to have an industrial league this summer and all contracts will be played beginning at 6 p. m. at Beach Park. The league is to be run by the Mare Island shops and the players are to be selected from the shops.

Jim Shea to Pitch Against Machinists

VALLEJO, June 6.—The Mare Island Machinists will travel to Torrey on Sunday where they will tackle the local players. The game will be played at 6 p. m. at Beach Park.

Rifle Shoot To Be Held July Fourth

Tryouts for National Team at Leona Heights Range.

According to advice received by the Oakland rifle club, competitive rifle matches will be held at Leona Heights range on July 4 and 5 to select the members of the national team which will represent the State at the national matches to be held at the Navy range at Annapolis, Md., August 1 to 5.

COOPER AND DENNY WILIE STAR WHILE PITCHER RAY KREMER HOLDS ENEMY SAFE

LOS ANGELES, June 6.—After their terrible exhibition of Wednesday afternoon, the Oaks came back yesterday afternoon and defeated the Vernon club 7 to 4, and in doing so jumped into second place, ahead of the San Francisco Seals. The Oaks staged a three-run rally in the seventh inning to take the game away from Patsy Arbuckle's gang, but the main part of the story is that Claude Cooper, the outfielder secured by the Oaks from the Angels to take the place of Hack Miller, did a few things that will make the Oakland fans think he will move a second. Hack Claude scored the first two runs for the Oaks, hitting a triple and single out of his first three trips to the plate, and later scoring, Kremer for Oakland and Houck for Vernon were the pitchers at the outset, but before the contest was over, Wheeler Dell had replaced Houck.

Limit Baskets Are Caught by Quinn

J. W. Quinn, local shoe merchant, has just returned from the Pikes Peak fishing trip and reports excellent fishing both on the lake and in the streams. The lake was covered with black bass and the local man hooked 25 bass in an hour and a half. He used No. 4 roval couchman and spinner fly. The fish ranged from one to three pounds. Quinn also got the limit in rainbow trout. The trout are just beginning to take the fly and are full of fight. They are in splendid condition.

Boxing Show is Planned at Vallejo

VALLEJO, June 6.—Tuesday evening, June 25, the Vallejo athletic club will hold a boxing carnival at the Athletic pavilion. Promoter Jack Freiton has arranged for a number of good fighters to appear in the event. The next show will probably be headed by a triple main event and three good preliminaries. Steve Brown is down to meet Billy (Harold) Shale in one of the main events.

WILIE AGAIN CUTS OFF A RUN AT THE PLATE.

VALLEJO, June 6.—The Oaks' pitcher, Willie, was again cutting off a run at the plate yesterday. He was cutting off a run at the plate yesterday. He was cutting off a run at the plate yesterday.

Shipfitters May Play at Fresno

VALLEJO, June 6.—Manager C. B. O'Brien of the Oaks and Shipfitters baseball team will probably lead the team to Fresno to battle with the Sunbeams of the Fresno city metropolis on the Fresno grounds of the Fresno club. The team will be led by O'Brien and the team will be led by O'Brien.

HELEN IS YACHTSMAN.

One of the most enthusiastic Eschsch yachtmen is 11 T. Helen. Helen, who is using this summer at Sausalito, owns a 12 foot, light eighteen-foot cup boat, which has proved some speedster in the Sausalito races tomorrow afternoon. This little craft will be one of the features, Helen being at the helm.

COOPER AND DENNY WILIE STAR WHILE PITCHER RAY KREMER HOLDS ENEMY SAFE

With the Seals Losing Another to the Seraphs Del's Gang Take Step Upward in Chase

LOS ANGELES, June 6.—After their terrible exhibition of Wednesday afternoon, the Oaks came back yesterday afternoon and defeated the Vernon club 7 to 4, and in doing so jumped into second place, ahead of the San Francisco Seals. The Oaks staged a three-run rally in the seventh inning to take the game away from Patsy Arbuckle's gang, but the main part of the story is that Claude Cooper, the outfielder secured by the Oaks from the Angels to take the place of Hack Miller, did a few things that will make the Oakland fans think he will move a second. Hack Claude scored the first two runs for the Oaks, hitting a triple and single out of his first three trips to the plate, and later scoring, Kremer for Oakland and Houck for Vernon were the pitchers at the outset, but before the contest was over, Wheeler Dell had replaced Houck.

ANNUAL REGATTA AT THE LAKE TOMORROW

The annual regatta under the auspices of the recreation department will be staged on Lake Merritt tomorrow afternoon with crews from most of the local high and grammar schools competing. There will be races for both girls and boys, drill teams and other features. The Victory flotilla drill will be held at 2 o'clock at the left of the municipal boat house. The races will commence promptly at 2 o'clock.

Women Divers to Compete at Neptune

The annual P. A. A. spring board championship for women will be held at Neptune Beach Sunday afternoon with some of the best divers in the west competing. The event will be held at Neptune Beach Sunday afternoon with some of the best divers in the west competing.

Shipfitters May Play at Fresno

## MRS. COBURN'S SLAYER LEFT BLOOD PRINTS

REDWOOD CITY, June 6.—There are bloody fingerprints on the club with which Mrs. Sara Salira Coburn was done to death Tuesday night in the late Loren Coburn's ranch house near Pescadero. They are believed to be the fingerprints of her murderer. There was no blood on the hands of her half-witted stepson and nephew, Wallace Coburn, when he was found beside the body the next morning; there were no bloodstains upon the nightclothing he wore.

These and a number of corroborated facts were adduced today to belated the earlier impression of his guilt. Second, the fact that he was found in the house there is no proof that he committed the crime. The officials investigating the case do not believe he committed it. The little village of Pescadero is divided in its theories, with a majority supporting him innocent, and Pescadero is so intimate with the Coburns' affairs that it is a fair basis upon which to judge.

**LISTEN TO HIS WORDS.**  
Guards are placed about Wallace Coburn throughout the twenty-four hours at the Belmont Sanitarium, where he is kept. They are not so much to prevent his escape or his charming himself as to note direct answers to questions. Under questioning he makes no coherent responses. Left to himself, he occasionally mumbles half-intelligible phrases that seem to bear upon the case.

"I didn't kill anybody. I didn't kill anybody, you kill them. I'll bury them," he said at one time, and at another: "Aunt Salira died. I thought she went to heaven, but I was wrong."

"He appears to have something on his mind which he is unwilling to develop," District Attorney Franklin Smart explains. "He apparently lacks mental power to answer our direct questions, but he has made regular statements without suggestion, and we have decided to hold him under observation for a time on that account."

Against the theory that Wallace Coburn committed the crime many data have been produced. All who know him are unanimously agreed that he has not mind enough to plan a crime. They think him incapable of developing anger except under the most immediate provocation. That he would have harbored resentment until the object thereof had left his sight, retired and fallen asleep they cannot conceive.

**DOOR FOUND OPEN.**  
The finding of the door of the Coburn ranch house unlocked is still unexplained. Mrs. Margaret Harrison, "Wally's" nurse, told the officials that after the murder found the door not only unlocked but open and the chair pushed back.

John L. McNab, to whom Mrs. Coburn left a small sum in her will, is among those interested in having the mystery solved. He says:

"The sole beneficiary of the death of Mrs. Coburn is Azro Coburn, her late husband's nephew."

But Azro Coburn is in Massachusetts and has been for some weeks. Carl Coburn, who was with Azro Coburn in frequent battles for the Coburn wealth, resides across the street from the house of death. He left Pescadero early Wednesday morning and returned Wednesday evening. He says he first heard the news of the crime in this city.

## "Reds" Plan July 4 Bomb Plots Precautionary Measures Are Taken Close Watch Is Kept on Radicals

WASHINGTON, June 6.—The word is being passed through "red" circles for a demonstration on July 4, officials here have been informed. It was learned today.

According to these reports the "May Day" outbreaks, the June 2 bomb outrages and the July 4 plot constitute a progressive series of demonstrations against the government.

As a result every precautionary measure is being taken by officials to thwart the "reds" insofar as the existing laws permit. Congress is preparing legislation to further the government's campaign against the menace.

Commissioner of Immigration Cammetti, who favors registration of all aliens in the country, has conferred with Chairman Johnson of the House Immigration committee on the Johnson Immigration bill, one provision of which stipulates that strict records of all aliens be kept by a federal registration system. All aliens would register with the government under the bill and report twice a year.

**NEW YORK ARRESTS.**  
The identity of the anarchist who was declared in an attempt on the life of Attorney General Palmer was expected by Washington officials to be cleared up by arrest in New York today. Although efforts to identify the man here have proved futile, government agents indicated today that developments in New York would go a long way toward clearing up the plot. The arrest in that city of a group of Spanish and Italian anarchists was expected, they said. They expressed the belief that the identity of the Washington victim would be cleared up at the same time.

In the meanwhile agents and the metropolitan police were not relaxing their efforts here. Six houses, believed to be the haunts of radicals, were under the closest surveillance and a number of persons of radical tendencies were being watched. It became known today that a conference of officials was held here yesterday to decide whether these radicals should be taken into custody immediately. However, it was decided to let them operate temporarily, under the closest scrutiny, in the hope that indisputable evidence might be obtained against them.

**INDIVIDUAL DEPORTATION.**  
It was said to be the policy of Chief Flynn to urge the deportation of practically every one who falls into the "red" category that has been spread over the country. The department of justice has turned this phase of the situation over to the department of labor, which is in control of the deportation machinery. Labor department officials indicated, however, there would be no blanket deportations, but that cases would be disposed of on their individual merits.

**FRENCH NOTE IS CLEW.**  
PHILADELPHIA, June 6.—The possibility that anarchists newly arrived from Europe had a prominent part in the explosion of bombs in several cities Monday night was under investigation by federal agents and the Philadelphia police today.

It was learned from the secret service men who came here from Washington that a purse picked up on the lawn of the home of Attorney General Palmer the day following the explosion at the Palmer home has given them an important clew. The purse contained a note, written in French, stating that the purses of the anarchists had been sent from France, and naming the boat on which he was a passenger. The purse also contained French and Italian stamps. Leather experts said the purse was made in France.

**BOY'S PICTURE FOUND.**  
In the wallet was a picture of a boy about 9 years old. The boy's hair, apparently was of the same color as that of the anarchist killed at the Palmer home and federal agents believe the boy is the son of the dead man.

The French consular authorities in New York have been asked to watch the boy, whether the man actually arrived on the steamer indicated, his business here, and his associates.

**600 Students Enter  
Presidio on June 21**  
Six hundred college and high school students from all parts of the West will go to the Presidio on June 21 for the reserve officers' training camp, to be held there during the six weeks to August 2. The camp is under the command of Colonel L. A. Murphy, who saw service in France with the famous First division.

All of the students who attend the camp have been taking military training at their respective colleges and schools during the closing school year. After they have served in three summer encampments they will be eligible to take examinations for commissions as reserve officers.

Besides Colonel Murphy and his staff, forty commissioned officers and fifty veteran army sergeants are to assist in training the cadets.

**Fiume Declares It  
Will Fight to Death**  
WASHINGTON, June 6.—"Fiume will face war for life or death and will not tolerate that its fate be decided without its consent."

This message came to Senator Lodge today in a long and bitter criticism of President Wilson's attitude in the peace conference to ward Fiume, cabled from Paris by Fiume's associate, Fiume's plenipotentiary at the peace conference.

Fiume, who had not been in the Coburn house for ten years nor spoken to Mrs. Coburn since December last, and then in Redwood City. He did not venture a theory as to who committed the crime.

## I. W. W. MUTINY ON 'HELL SHIP,' SAYS SKIPPER

NEW YORK, June 6.—That his crew, composed of I. W. W. agitators, had started a mutiny; that he was forced to keep most of his men in irons during the voyage and signal another ship to carry word to the authorities at Cape Town, South Africa, and that Axel Hansen, the seaman he is accused of driving overboard, in reality attempted to commit suicide during the mutiny, is the defense of Captain Adolph Pedersen of Alameda, commander of the bark Puako, now facing trial in the Federal Court. Dudley Field Malone, former collector of the port of New York, is defending the mariner, who is accused of murder on the high seas.

Pedersen and his son, who was first mate on the vessel, are accused of running a "hell ship" that staked stories of sea life in the olden days. Judge Hough announced that he would set aside a first degree murder verdict, if one were returned, on the ground that promissory murder had not been shown in the case.

Malone, in opening the defense, said that Hansen jumped overboard of his own volition; that Pedersen, called on deck, gave orders to rescue the man, but when a squall blew up he was forced to throw the vessel back on her course. He said that from one to seven men were in irons during the voyage as the result of Bolshevik mutinies and that Hansen, an I. W. W., was the leader in the trouble.

SEATTLE, June 6.—Frederick Hansen, former first mate on the schooner Ward West, is on trial on a murder charge in the Federal Court here. He is accused of striking Charles Hansen, second mate, knocking him into the sea, as the vessel was rounding Cape Horn.

Carl Aho, a member of the crew, testified that a boat was lowered, but Hansen's body was not found.

## "BURGLARS" IN STORE CAUGHT; THEY'RE POLICE

Burglars! And heroic Corporal J. L. Sternitzky of the Oakland police force drew his trusty weapon and stealthily crept through the open door of the store of G. B. Harris, 7133 East Fourteenth street, where strange lights flashed last night.

"Hands up!" roared the corporal. "Hey, you! Why don't you salute a superior officer and not poke a gun at him?" was the answer that astounded the policeman—and the lights flashed up.

Sternitzky had "captured" Inspector A. M. Sanderson and Patrolman Edward F. Hughes. The officers had seen the open door and were looking for burglars themselves when the corporal, making his rounds, "caught" them.

No burglars were found.

## BENICIA ARSENAL TO BE ENLARGED

Orders calling for the immediate construction of two new storehouses at Benicia arsenal at a cost of \$167,000 have been issued by Colonel Pierce, assistant chief of ordnance at Washington, D. C. A conference was held yesterday in Washington between Representative Curry, Major-General Williams, chief of ordnance, and Colonel Pierce, at which it was decided to take steps to develop the Benicia arsenal into one of the largest in the United States.

Curry has already introduced bills to appropriate \$2,500,000 to turn Benicia into a manufacturing arsenal and \$1,000,000 to establish a powder plant there. These bills will be considered soon at a conference between Williams, Chief of Staff March and Secretary Baker.

**SAFE ROBBED OF \$250.**  
SAN FRANCISCO, June 6.—The safe of Earle C. Anthony, Inc., automobile dealers at 1400 Van Ness avenue, was robbed of \$250 in currency last night.

## SUPPLIES OF ARMY SOLD IN GERMAN ZONE

WASHINGTON, June 6.—The army quartermaster corps has sold supplies to the value of \$2,500,000 to the German civilian population in occupied territory, the war department has announced. These sales were made with approval of the inter-allied commission.

More than 75,000 horses and mules have been sold in France and about 130,000 in the United States, bringing the total of \$30,000,000, or 35 per cent of the purchase price.

Announcement was made of the decision of the war department to sell 122,000 tons of sodium nitrate now stored in the United States. American importers have protested against the sale of this nitrate to British dealers who have offered to purchase it.

## LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates—advertisement.

## Jackson's Saturday Special

## China cups and saucers

Good weight china 75c for the set of six

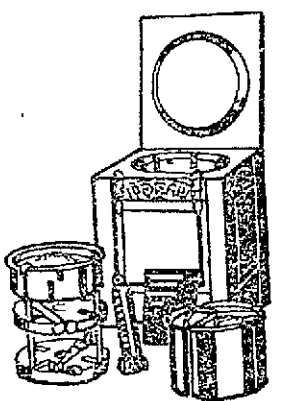

480 sets to be sold. A good weight, medium quality, clear white set of six cups and saucers, exactly as illustrated.

No telephone or C. O. D. orders—no delivery but neatly wrapped, convenient for carrying.

Variety Store, basement  
Quick, courteous service, always

## "Ideal" fireless cookstoves

Special demonstration  
in our Variety Store,  
basement, by—  
Mrs. C. S. Decker

The "Ideal" illustrated, has one 4 quart aluminum kettle and one set of triplicate pans. You can cook a complete meal with this—meat and three vegetables in the one compartment at the same time.

Special terms this week—no first payment required—and start paying one-tenth a month in thirty days.

The "Ideal" is more than a fireless cooker—it's a fireless cookstove.

Just put the meat, cake, etc., in raw and cold—no preliminary cooking is necessary, as with the ordinary fireless cooker.

All you have to do is heat the radiators—the "Imprisoned" heat does the rest.

Saturday Mrs. C. S. Decker will roast chicken and freeze ice cream at the same time in one "Ideal" fireless cookstove in adjoining compartments with only four inches of insulation between them. This will give you some idea of the cooking possibilities of the "Ideal" Fireless Cookstove.

Fully guaranteed and priced at 19.50, 22.50, 35.00, 41.50 and 49.50—complete with utensils.

No first payment required—at the end of thirty days start paying one-tenth a month.
